

Bartelsmeyer Resigns Highway Engineer Post

Announcement at 5:30 Tuesday at Springfield was the resignation of Illinois Chief Highway Engineer Ralph Bartelsmeyer of Nashville.

His successor, named by Gov. Otto Kerner at the time of the resignation announcement, is Virgil E. Staff of Chicago.

Staff has been a professional engineer for 33 years and is a graduate of the University of Illinois College of Engineering.

Bartelsmeyer, who has aided the local area in the planning of a large number of highway projects, including the river front roadway now in the making, is to remain in the department until the changeover is completed. He is reported to be in Washington D. C., this week.

Bartelsmeyer was named to the state chief engineer post in 1953 by Gov. William G. Stratton. He formerly was St. Clair county superintendent of highways from 1948 to 1953.

Mrs. Mary Ann Cox, 67, Dies of Cancer

Mrs. Mary Ann Cox, 67, died at 4:10 a.m. yesterday at her home at 2573 North street of cancer. She had been ill since January, and had undergone surgery twice.

Mrs. Cox was born in Stoddard county, Mo. She had been a Granite City resident 35 years. Her husband, Oscar B. Cox sr., preceded her in death in 1958.

Mrs. Cox is survived by three sons, Oscar B. Arthur, Jr., and Harold Cox, all of Granite City; two daughters, Mrs. Ada Hefflin of Worden and Mrs. Matella Scanlon of Granite City; four brothers, Calvin Watkins of Cape Girardeau, Mo., Alvin and Lloyd Watkins of Bloomfield, Mo., and Boyd Watkins of Bumpus Mills, Tenn.; four daughters, Mrs. Gertrude Reynolds and Mrs. Edna Swindell of Bloomfield, Mo., Mrs. Marie Stroger of Marion and Mrs. Elton (Vergie) Cox of Granite City; and 21 grandchildren.

Funeral arrangements are given in the obituary column.

'Curly' Harris Tallies Results In Hospital

Lloyd "Curly" Harris, a 12-term veteran of political campaigns and elections, compiled returns in a hospital bed Tuesday night.

State Rep. Harris (D), 3233 Aubrey avenue, was elected with a total of 55,286 votes, leading the field of four candidates for the three state offices in the Madison county district.

Harris, suffering from virus pneumonia, entered DePaul Hospital, St. Louis, last week and is expected to be released today or tomorrow. It was learned from his family.

While in the hospital, he underwent a complete physical checkup.

Rites Held Today For Mrs. E. L. Applegate

Funeral services were conducted at 8 a.m. today at St. Elizabeth's Catholic Church in East St. Louis for Mrs. Florence M. Applegate, 58, of East St. Louis. She was the mother of Edward R. Applegate of Granite City. He is local propulsion supervisor for Illinois Power Co.

Mrs. Applegate died Monday enroute to a hospital after being stricken by a heart attack. She had been ill for a month.

Other survivors include her husband, Edward L.; three daughters, her mother, three brothers and three grandchildren. Burial was in Mt. Carmel Cemetery.

Routine Meeting For Central Trades Council

The Tri-City Trades & Labor Council met last night at the Labor Temple for a routine meeting. It was reported by Edwin Reiske, president.

The meeting was attended by 52 delegates, and reports were given by local union representatives on routine union matters. Reiske said.

The next meeting will be held Nov. 21.

Fingers Injured
Louis Prazma, 43, of 2017 Willow avenue, was treated at the St. Elizabeth Hospital emergency room Tuesday afternoon for injuries to fingers of both hands received in an accident at General Steel Industries. He is an employee of the Nooter Corp. of St. Louis, contractors on a project at the local plant. He was released after treatment.

Wide Variety Of Write-Ins For Two Open GOP Offices

With the Republican county offices of probate judge and superintendent of schools blank on Tuesday's ballots, a wide variety of write-in candidate names appeared on Quad-City area ballots.

Leading a field of 13 write-in candidates for the GOP post of county superintendent was Russell Shaver, a contender in the primary on the Democratic side, who received 28 votes.

Second was Russell Johnson, followed by Earl Lee with three and Andrew Gitchoff, two. Johnson and Lee are local school administrators and Gitchoff is a realtor.

GC Relief Funds Depleted; Plan To Borrow \$35,000

Granite City township relief bills totaling \$7033, approved Monday night by the city council, may go unpaid for at least two weeks.

The council placed on first reading a resolution for a \$35,000 tax anticipation warrant for relief purposes. The relief account had a balance of only \$2233 on Oct. 31.

The tax anticipation resolution failed to receive the majority vote for immediate approval, but it was approved unanimously for first reading. It is to be resubmitted at the next regular council session on Nov. 19, unless a special session is called earlier.

Opposing the borrowing of funds were Aldermen Donald Partney, Paul Rutledge and Ford Johnson. Since only 15 aldermen were present, the suspension of rules could not apply.

Conference Needed

The opposing council members pointed out a meeting of township and city officials should have been called in advance for an explanation of the township's relief finances. The three said they needed more information before they would favor the borrowing of funds.

After the vote had been taken, Atty. William Beatty, who in the audience, was called upon. Beatty, a former city attorney who is associated in the law firm with Town Atty. George J. Moran, said the township relief funds were depleted. He added that it had been hoped a meeting could be arranged, but that his office was notified too late for the preparation of the tax anticipation resolution. Beatty added that relief patronage has been on the increase since the fiscal year started last March 1.

No Tax Levy

Contacted by the Press-Record, Supervisor Nelson Hagnauer pointed out there was no tax levy for relief purposes for this fiscal year.

"We started out March 1 with a balance of \$75,323 in the relief fund, and with the increased need for general assistance due to the unemployment conditions in the township, the amount was virtually depleted at the end of September."

"The township relief fund had a balance of slightly more than \$3000 at the end of September. Relief costs that month amounted to \$8642."

Hospital bills for the past two months have not been paid because of the shortage of funds.

\$75,224 Total Cost

Hagnauer said relief costs from March through September have totaled \$75,224. He added that the \$35,000 tax anticipation warrant should be sufficient to carry the township through the end of the fiscal year on Feb. 28.

The money is to be borrowed from Granite City Trust & Savings Bank, and the amount of

Petitions Circulating For W. Granite Rail Overpass

Petitions are being circulated by the Fifth Ward Bi-Partisan Voters' organization calling for a railroad over-or-underpass to serve the West Granite-Lincoln Place area.

Amerik Kachigian, acting chairman, said the urgent need for a grade separation is repeatedly brought out at the organization's meetings.

"We plan to present the petitions to the city council and are hopeful they get to the state highway department and federal government. Both the state and federal governments are participating in the construction of the new river road and a viaduct or underpass would greatly benefit persons using that roadway."

Kachigian said local grocer, Louis Cohen, has expressed his views before the organization. "He has long been an advocate of an underpass or overpass and told us that if Granite City doesn't wake up it will find a lot of West Granite Citizens will be going to St. Louis and East St. Louis."

Reviewing the work of the past, Cohen pointed out a con-

stant effort was made about 15 years ago. The result was the installation of automatic signal lights and crossing gates. Cohen pointed out there are inadequate and that the long waits at crossings continue.

Kachigian said the Fifth Ward group is studying Cohen's suggestion for a strong organization of citizens in support of a grade separation at the multiple-track crossings.

Support will be sought from the Retailers Association and Chamber of Commerce. It is the hope of the Fifth Ward Bi-Partisan group that the state highway department will recognize the need for an underpass or overpass, especially since there are to be provisions for several entry-exit roadways in West Granite and Lincoln Place for the new river road.

It was brought out the new river road could become a hindrance to the area rather than a convenience if residents of West Granite and Lincoln Place should look toward an easier access to St. Louis and East St. Louis than to Granite City proper.

Expected Nov. 21

were advised last night that further details on the proposed sanitary sewer system could be expected at the next regular session on Nov. 21. Town Clerk John Karlechick Jr. presided at last night's meeting in the absence of Supervisor Harry Briggs, who is in St. Elizabeth Hospital recuperating from surgery performed this week.

Referred to Town Atty. Nick Vassileff and Highway Commissioner Charles Hanks was a petition signed by 30 to 35 residents along Pine and Henlock streets. It complained of trash and debris being dumped in the area off Maryville road and asked that it be cleared.

Karlechick said immediate action will be taken to rid the residential area of the nuisance.

In attendance at last night's meeting at the town hall were Karlechick, Auditors Herbert Polley, Gene Rotter and William Schreiner, Assistant Supervisor Charles Werner and Vassileff.

Mrs. Hazel M. Daniels Of Venice Dies At 51

Mrs. Hazel Marie Daniels, 51, of 518 Main street, Venice, died at 4:10 a.m. yesterday at St. Elizabeth Hospital. She had been ill for the past 14 months and had been hospitalized one day.

Mrs. Daniels was born at Muscatine, Ia. She had been a Venetian resident for 14 years and was a member of St. Mark's Catholic Church.

Survivors include her husband, William J. Daniels; a son, David Lee Daniels with the U. S. Navy at Norfolk, Va.; a daughter, Mrs. Norman (Billie Jean) Cardwell of Lakehurst, N.J.; three brothers, Gilbert and Charles Connor of Evansville, Ill., and Stanley Connor of Chester; two sisters, Mrs. Aileen Schoepfer of Texas and Mrs. Margaret Duolos of Indiana; her stepfather, Robert Burns of Madison; her stepmother, Mrs. Elva Connor of Ellis Grove, Ill.; and four grandchildren.

Funeral arrangements are given in the obituary column.

Will Hold Song Services

A new series of services will be held on the second Sunday of each month at the Mitchell Presbyterian Church, beginning Sunday at 7:30 o'clock. An old-fashioned hymn sing also will be held.

Interest has yet to be fixed,

Hagnauer said. The October relief report, which became available yesterday, shows there were 148 cases with 446 persons and costs of \$8281. In September the totals were 139 cases with 420 persons and costs of \$8642. The October 1961 relief figures were 162 cases, 533 individuals and costs of \$11,380.

Tri-City Grocery Co. Buys Near-By Warehouse

A transaction for purchase of the Draper Planning Mill building across State street from the firm's main office has been completed by the Tri-City Grocery Co., Sam E. Pershall Jr., president announced Tuesday.

Pershall said the purchase is part of a major expansion program which will include erection of new frozen food lockers and additional storage space adjoining their present office-warehouse facilities.

The Draper warehouse, he said will be used exclusively for storage.

B. C. "Tip" O'Neill of the Francis Agency represented both sides in the transaction. Purchase price was not disclosed.

Pershall said the architectural firm of Gabriel & Dulgeroff is working on preliminary sketches for the planned addition to be included in the expansion program.

A request for relocation of the alley at the site was made to the city council Monday night. Pershall said detailed plans of the expansion project will go ahead as soon as notification of approval of the request is received.

PLANNING FORUM SESSIONS—A series of 10 forums are to be conducted starting on Monday by the Tri-Cities Chamber of Commerce. They will continue, two each day, all week. Chamber members will attend in groups of 15-20 to make suggestions for the coming year's program activity. The suggestions will be submitted to the board of directors for possible inclusion in the program. Left to right are Chamber of Commerce President Chester L. Baker, Forum Committee Chairman E. A. Karandjeff and Secretary Harlan Dobry, making plans for the program. All the meetings are to be informal coffee sessions of about 45 minutes duration.

Decision On Water Rate Expected Before Nov. 27th

(Special from Springfield)

The lengthy and almost a record of 31 days of hearings in a water rate raise case came to a close here yesterday. The Illinois Commerce Commission, sitting as a body, heard and took under advisement the application of the East St. Louis and Interturban Water Co. after hearing oral arguments for and against an increase in water rates.

The commission must make its decision on or before Nov. 27, when the suspension of the proposed rate schedule expires.

Written briefs in opposition to the request were filed previous to today's hearing by Randall Robertson, Granite City, attorney for the Intervenor Large Water Users Group; State Senator John P. Meyer, Danville, attorney for the Monsanto Chemical Co.; Henry A. Schwartz, Belleville, for the St. Clair County Water Users Association; and Russell H. Clasen, Belleville, representing the village of Caseyville.

The company's brief was prepared by Charles A. Bane, Chicago, and Joseph R. Lowery, East St. Louis, attorneys.

50,000 Customers Involved

The water company supplies water for public and private use and for fire service purposes to over 50,000 customers in an area of approximately 500 square miles in Madison and St. Clair counties.

Its system includes more than 700 miles of mains and, with the exception of the Chicago water system, is the largest in Illinois.

The major portion of the area served by the company includes the cities of East St. Louis, Granite City, Madison and Venice, known as the "Low Elevation Area."

The remaining area served by the company is known as the "high elevation area" and is located 200 feet above the low elevation area.

The municipalities of Belleville, Swansea and the Scott Air Force Base are in the high elevation area.

The utility serves 16,000 customers in the latter area and 7500 patrons through the water companies of the St. Clair Township Waterworks distribution system, the villages of Caseyville and O'Fallon and the air base.

5000 Pages Of Testimony

The company filed its application for the increase in rates with the commission on December 28, 1961. Hearings were started last Feb. 8, and number 31 days of taking testimony which consists of almost 5000 typewritten pages and a great number of related exhibits.

This huge record contains detailed and comprehensive analyses of the financial accounts of the water company, original cost and reproduction cost valuations of its property, accurate depreciation, working capital requirements, cost of service studies, a proposed reasonable rate of return, operating revenue and expenses and the specific rate proposals.

The proposed rates provide for an increase of approximately 32.7% in revenue. The utility's brief says the proposed increased rates provide for an increase in operating income of \$1,747,943 for the test period of 12 months ended July 31, 1961, as compared with the present rates for the test period of \$1,035,118.

Increase Not Uniform

If the increase in rates is granted, it will not be uniform with all water users under the proposal but will vary with the size of meter and consumption.

The intervenors are strongly opposed to this proposal and contend that the commission should order a uniform rate applicable throughout the entire service area of the company.

All the opponents contend that the case should be dismissed because the company has

Madison Wins Wild Windup In Gillespie, 40-26

Madison's Trojans got there "first with the most" last night in Gillespie, running up a 33-0 halftime lead and staying off a second-half Miner comeback to score a 40-26 non-conference football victory in the Big Green's final 1962 appearance.

The victory enabled Glen Pickering's crew to finish with a 4-1 season mark, "much better than what I'd expected be-

fore we played our first game," the MHS coach said afterwards. Senior Walt Cooper bowed out with a 21-point performance, raising his total for the season to 60 points. Other seniors who got in on the scoring act included fullback Terry Andrews and end George Russell, while junior wingback Don Broyles scored his first varsity touchdown.

The Trojans ran rampant through Gillespie's line in the first half, while the Miners

struck back keenly via the forward pass in the last two periods, outscoring Madison 26-7.

Madison took the opening kickoff and pushed across the first of six touchdowns in just five plays when quarterback Gary Skinner and a senior fired 34 yards to Russell for the six-point drive. Cooper ran the extra point.

The next time it got the ball, Madison scored in four plays. Cooper dashed the final eight

yards and Broyles slanted over for the extra point.

Madison made it 21-0 at the end of the first quarter on Russell's 28-yard scoring run off a trap play for the wingback and Cooper's second extra-point run.

Two more touchdowns were chalked up in the second period by the visitors, who mounted successful drives on each of the first five times they gained possession of the ball.

Andrews slashed 26 yards off-

tackle for the fourth TD and Cooper went 11 yards through the same hole to make it 33-0 at intermission.

Rushing Game Falls

Madison limited Gillespie to only 41 yards rushing in the first half, and Miner Coach Audie Denceno changed his tactics at halftime.

When the Miners came back, they threw.

Quarterback Jim Eisman, a sophomore, heaved 12 passes

and completed eight over the final two periods, two of them for touchdowns.

But it was fullback Al Rolando who finally got the Miners on the scoreboard with a four-yard run early in the third period. Eisman's first scoring pass later in the period was a 18-yarder to Rolando. Fullback Frank Denutte plunged for the extra point.

Sophomore end Terry Mor caught Eisman's longest pass for 42 yards and a Gillespie touch-

down later in the period. The run for the extra point failed, but the Miners were back in the game.

45-Yard TD Run

Madison's final score also came in quarter No. 3, as Cooper got loose for the longest gain of the evening, 45 yards, and a score, and then carried Madison's 40th point across on a conversion run.

The Trojans finally adjusted their pass defense in the fourth quarter, but not before Eisman

had passed to Rolando at the end of the game. The run set up Denutte's last TD. Denutte also ran over the extra point.

"They were improved by at least 50% over the club we played last year," said Pickering. "We had a lot of players in their first year under Denceno and they played their third game in eight days when they host Dupo on Saturday."

Last year, Madison whacked the Miners 60-0.

Top Award To School Board

Athletics Needs 'Givers,' Not 'Takers,' Puddington Tells 425 At Park Banquet

Dave Puddington, enthusiastic coach of St. Louis' Washington University football team, told an overflow audience that athletics needs "givers" and not "takers," and the Granite City school board was presented with the top award of the evening at last night's third annual Granite City park district sports award banquet.

Held at the park's community center, the event drew about 425 persons, with an estimated 100 more turned away due to lack of space.

Puddington told his audience, a number of whom were on hand to receive one or more of the 121 trophies on display, that many persons apparently have been "givers" of more than \$100 dollars in support of park district-sponsored recreational activities.

"But each of you know the guy on your block who is still the 'taker,' the man who reaps the benefits of a program such as yours without putting any part of himself or his ability into the program," Washington University's first-year coach said.

The importance of "giving" to programs like those sponsored by the park district, whether it be time, money or interest, is borne out by the benefits reaped by those, mostly the younger generation, who participate, Puddington asserted.

Benefits Are Many

He listed the benefits as providing wholesome recreation, the satisfaction of achievement, fulfillment of the desire for experience, the expression of a desire to excel "among your contemporaries," and the filling of a basic need for muscle activity.

The teaching of perseverance, courage, self-discipline, self-confidence, the will to win and the adjustment to adversity are all by-products of such a program, he added.

Puddington, introduced by master-of-ceremonies Barry Loman, president of the park board of commissioners, could not resist a plug for his Bear football team.

"We play the finest college football within 100 miles of St. Louis," he said, noting that "Missouri University is 109 miles down the road."

He also expressed chagrin at the publicity given to deaths as the result of participation in athletics. "We have plenty about them, and not much about the 20,000 youngsters who are hurt

or killed in automobiles just leaving schools in a year's time."

"And how about moral character? All seven of our astronauts have athletes, for instance, in their backgrounds, while of the 16 Korean war veterans, only one had participated in athletics at any level grade school through college," Puddington said.

Sports personalities on hand at the banquet, who helped pass out individual and team trophies from the park's tennis, basketball, baseball, softball and football programs of the past season, included home-town boy Dal Maxwell, St. Louis Cardinal shortstop; former Granite City resident Tom Gray and Bobby Joe Conrad, regulars with the St. Louis football Cardinals; and Chuck McCord, state commissioner of the Amateur Softball Association.

The park's top appreciation award, a silver bowl, was presented by Commissioner Milton Allen to Granite City school board President Robert Spengler. Allen cited the board's provision of facilities for indoor sports sponsored by the park district, beginning in 1958, and listed schools which made gym facilities available for the ever-expanding winter program.

Service Awards To 3

Three service award certificates were presented by Harold Brown, superintendent of parks and recreation.

David Morgan was the first recipient, and was cited for his interest and work with the park's baseball program which assumed responsibility for the leagues, and for his marshaling of the annual season-opening parade.

A second award went to Bob Baker, who served as master-of-ceremonies at each of the summertime "Music Under the Stars" presentations in the park.

A third certificate was presented to Conrad "Babe" Champion, umpire-in-chief for park baseball and softball. Champion also received the second-place state ASA softball trophy trophy from Commissioner McCord in his capacity as team manager.

Team and individual trophies presented last night included "Classic League" basketball, Tegan Lumber, first place; "Continued on Page 7, Col. 1"

Ramach, Immer Move Up In Race; Winters Maintains Top Spot

Ray Ramach and Dennis Immer, quarterback and halfback in the Highland football offense, took over the second and third spots in the prep scoring race this week behind Cahokia's "Ty" Winters.

Both scored twice in the Bulldogs' 59-0 romp past Little St. Elmo last Friday to pass Marquette's Jim Jackson and Belleville's Gary Kombrink, who went scoreless.

Winters also scored twice last week for Cahokia. So while Ramach and Immer, helmed by past Jackson and Kombrink, they were no closer to certifying the Cahokia halfback. The leaders:

Final Game For Warriors; Victory By Visitors Would Clinch Title Tie

At that late stage of the season where it badly needs a breath of fresh air, the high school football club smacked into a neighborhood unit rated as the third best in Illinois, according to the final poll of prep football writers.

Undefeated and undefeated, which so far has made a shambles of the Southwestern conference race, will come here tomorrow night to furnish the opposition for the Warriors in their final game of the season.

A Belleville victory would insure of the Maroons of at least a tie game, which would mean the Maroons are 4-0 in the league and conclude a play Thanksgiving morning against East St. Louis, a fast-closing outfit which has won its last five games and which forced Belleville to share the title last year by upending the previously undefeated Maroons in the last-turkey day encounter.

Granite City, loser of six straight games and without a win in the last four, is a decided underdog, for Belleville has rolled past four conference opponents who have in turn thumped the Warriors.

Fourth Movement

A young team in age and experience when the season began, the Warriors will lean even further in that direction tomorrow night, partly through necessity and partly by plan.

Coach Al Lewis lists no less than six sophomores on the defensive unit, including senior regulars Bill Boyd and Terry Trepanier and junior Bob Pyle out due to injury or illness.

Only three seniors are on the offensive team which Lewis plans to throw against a vaunted Belleville defense that has held eight opponents to an average of less than one touchdown a game.

The Maroons, in turn, will field an all-senior, all-lettermen unit when they leave the ball field with bulk and speed, averaging 191 pounds along the line and 180 pounds in the backfield.

McKelvey Returns

A match with Belleville at this point might be considered bad news, but there is no harm in that. McKelvey, who ripped apart the Granite City defense in Belleville last year, has been pronounced healthy after missing the Edwardsville game last week with a bruise on his knee.

The Maroons ran up a season's high of 33 points against the Warriors, registering a 21-0 time-out in the closing minutes in an effort to add to an already large margin.

Lewis said he expects the same strategy here tomorrow. "I spit out of our boys' spirit, excellent. They think they're the same game time Friday."

CANDLELIGHTERS CLUB MEETS AT BROWN HOME

Mrs. Shirley Thompson entertained the Candlelighters club Tuesday night in her home, 1640 Moro avenue.

Pinochle was the game for the evening, and prizes were awarded to Mrs. Donna Hogan, first prize; Mrs. Doris Thompson, second; Mrs. Nora Halvachs, third; and Mrs. Lois Cuse, hostess prize.

The hostess used a Thanksgiving and Pilgrim theme in her decorating, with an arrangement of Indian corn tied with red ribbon on the entrance door to welcome her guests. Each tally card was made in the shape of a pilgrim's hat, while the table was covered with a red and white checked cloth with a centerpiece of fresh-cut mums surrounded by candles in fall colors of green, gold and orange.

A dessert luncheon was served after the games to Mesdames Norma Loftis, Betty Res, Arlene Laub, the prize winners and two guests, Mrs. Nora Halvachs and Mrs. Harriet Hoff.

The next regular meeting will be held at the home of Mrs. Hoff by Res, 3214 Wilshire drive, on Nov. 21.

MELVIN PRICE
Representative in Congress

Price, Dirksen Re-Elected To Congressional Offices

Melvin Price, East St. Louis Democrat, and Everett McKinley Dirksen, Republican of Pekin, were re-elected to Congress by the 24th District of Madison and St. Clair counties, a Democrat who lives in East St. Louis.

Price, who has been a Congressman since 1954, when he was elected to his first term while serving in the Army, had no difficulty in Tuesday's voting.

He won over Kurt Glaser (R) of Alton, an associate professor at Southern Illinois University's Alton residence.

The Tuesday vote in the two-county area of the 47th Congressional District show Price received 59,949 to 33,996 for Glaser in state posts for 1963-1964.

In his victory, Dirksen is credited with winning over 100,000 votes in the two-county area.

While the official returns are not yet known, Dirksen at last count had a 105,000-vote margin. This is the largest margin in the history of the district.

In his victory, Dirksen is credited with winning over 100,000 votes in the two-county area.

William J. Scott, an Evanston banker, over incumbent Francis X. Lenz, of Chicago, for the post of treasurer; and Ray Page, Springfield teacher and high school principal, over incumbent St. Louis Democrat, and Everett McKinley Dirksen, Republican of Pekin, were re-elected to Congress by the 24th District of Madison and St. Clair counties, a Democrat who lives in East St. Louis.

Chamber Of Commerce Approves Memberships

The Tri-Cities Chamber of Commerce board of directors approved several applications for membership at a meeting Tuesday night at the Rose Bowl restaurant.

Approved were Frank Ritz of Ritz Motors, Venice, sponsored by George W. Reiser; Mary Cowan of Granite City voluntary; O. M. Pasche of Food City Market, Granite City, sponsored by Donald E. Hays; and John E. Hays, president of the United Home Shoppers' Mart, Inc., St. Louis, sponsored by John E. Hays.

Twenty-seven persons attended the meeting including William Hoelscher of East Side Manufacturing Association, who was introduced as a guest.

Charmen Appointments
President Chester L. Baker submitted for approval committees and committee chairmen for the coming year.

They were as follows:

Agriculture: Howard W. Kueber; Auditing: Robert E. Backs; Aviation: E. A. Karandjoff; Budget and Finance: M. Freeman Wafer; Civic Improvement: Development: Albert H. Froemling; Congressional Action: Sam L. Meyer; Downtown: Development: Ted Berger; Education: Dr. Harold M. Kaiser; Executive: Chester L. Baker; Forum: E. A. Karandjoff; Horse shoe Lake Park Development: Henry D. Karandjoff; Industrial Development: C. E. Townsend; Light Industry: Dale Ametler; Master: Development: Drainage: G. W. Hoelscher; Membership: Carl E. Mathias; Membership Relations: Gordon J. Hoehner; Planning & Zoning: E. G. Schmitt; Public Relations: G. W. Hoelscher; Transportation & Highway: B. E. Hohl; Program: E. E. Veith Jr.; Retail: E. E. Michel; and Sales Liaison: John W. Reese.

President Baker reported on the state Chamber of Commerce 44th annual meeting which took place in Chicago last month, and on the recent area meeting of the Chamber sponsored by the Illinois Retail Merchants' Association.

Manager Harlan Deberry reported that representatives of the U. S. Post Office Department were in Granite City last week to investigate the Chamber's request for a substitution complete with lock boxes to service the central business district when the new post office is opened on Madison avenue.

C. E. Townsend, chairman of the Industrial Development Committee, said his group is checking into the desirability of reserving industrial sites for future development.

G. W. Hoelscher reported on sewerage and drainage. He reviewed the proceedings of the 25th hearing on water pollution abatement held in Springfield.

He also reported on a meeting of last Friday in East St. Louis on a proposal for Hillside drainage for Madison and St. Clair county areas. The U. S. Corps of Engineers has presented a \$6,900,

Simon, Harris, Kennedy, Smith Are Winners

General Assembly representation from Madison county include one new face—Leland J. Kennedy, Alton Democrat who is a former state representative. Kennedy was elected to the seat vacated by Paul Simon, the state senator from the 47th District which includes Madison, Greene and Jersey counties.

Kennedy will join two incumbents, Lloyd "Curly" Harris, Granite City Democrat, and Ralph T. Smith, Alton Republican and former Granite Cityan. The new representative served in the House from 1947 to 1954.

Defeated in the state representative race was Martin G. Schaurer, Republican, an Edwardsville attorney.

In the vote, Harris received 55,725; Kennedy 53,531; and Schaurer 27,466.

Simon Carries All 3
In his bid for the state senate seat vacated by James O. Monroe, Jr. of Collinsville, Democrat, Paul Simon, U. S. House member, newspaper publisher like his predecessor, won over his opponent in all three counties of the 47th District.

Simon won over Republican Harold O. Gwiltin, an Alton attorney who was a writer and candidate in the April primary election.

Simon carried Madison county by a better than a two-to-one vote—43,204 to 16,754. In Greene county Simon polled 3790 to 2289 for Gwiltin, and in the Jersey county race the totals were 2627 for Simon and 2888 for Gwiltin.

Simon has served eight years in the House of Representatives at Springfield.

Zoning Hearings In Wood River, Chouteau Twps.

The final two hearings of a 24-hearing series on Madison county zoning will take place tomorrow and next Tuesday.

The County Zoning Commission will conduct a hearing at 3 p.m. Tuesday, Nov. 13, in the South Roxana Road Club building, south of the Shell refinery between Routes 111 and 67.

Attendance by Quad-Cityans and others who favor adoption of county zoning is being urged by Chester L. Baker, Chamber of Commerce president.

Eighteen hearings and five informational meetings were conducted previously, and hearings were held in Granite City, Venice, Alton and Godfrey townships in October.

71 To 99-Cent Rates

(Continued from Page 1.)

3.4 cents; and fire protection, 4.48 cents.

Venue expenditures, other than those listed, include salaries of city officials, the law department, insurance, printing, sanitation and health, city hall, auditing, sidewalk repairs, fire hydrant rental, city hall lights, street lighting, elections, city defense, city garage, library addition and contingencies.

Madison Rate Structure
Due to its comparatively small assessment base, the city of Madison has resorted to a variety of special tax program set in reaching a 99-cent total.

In addition to its 26.64-cent general rate, Madison levies 8.79 cents for garbage collection, 6.13 cents for the library, 1.7-cent for court judgments, 4.58 cents for police protection, 1.7-cent for street maintenance, 7.98 cents for the police department, 9.96 cents for fire protection, 6.67 cents for playgrounds and 6.00 cents for parks and recreation.

Other Madison municipal costs include executive, legislative, legal, finance and accounting, sewer department, board of fire and police commissioners, police magistrate, dog catching, street lighting, health department, fire hydrants, city buildings, elections, building inspection and contingencies.

With the combined property tax expenditures totaling \$1,744,884 in Granite City, Madison and Venice, proposed spending at Pontoon Beach of about \$17,000 a year appears to be only a "drop in the bucket," boosting the four-municipality total to \$1,761,884.

Penny Rate For \$50
However, with estimated assessed valuation of only \$50,000, each penny of tax rate would produce only approximately \$500 of revenue for the proposed village.

Thus a sharp increase in the present \$2.57-a-Ponoon Beach tax rate would be necessary even to provide a limited amount of funds.

The Venice, Granite City and Madison rates of 71.4, 79.4 and 99.9 cents, if applied to a half-million-dollar assessment base, would produce \$3570, \$3970 and \$4950 with which to operate the village government for a period of one year, exclusive of other resources, such as village auto trucks on a restricted street, and state motor fuel tax funds.

Truck Drivers Arrested

Madison police arrested two truck drivers at 4 p.m. yesterday for driving overweight trucks on a restricted street.

Seventh street, Wilko Jakolka, Wakefield, Mich., and John Strait, Memphis, Tenn., were released after posting cash bonds.

Hubcaps Stolen

Four spinner hubcaps were stolen Tuesday night from a car owned by Patricia Dew, 2005 Troy street, Madison, while the vehicle was in a parking area at the rear of the 1800 block of Edison avenue.

Annual Benefit Smorgasbord In Madison Sunday

As has become traditional on the second Sunday of November each year since the mid-1950s, Madison Rotarians this weekend will don chef's caps and aprons to prepare and serve "home-cooked" food to between 500 and 800 of their friends and neighbors in the Quad-Cities.

The annual benefit smorgasbord, chief fund-raising activity of the Rotary club, will be held from 11:30 a.m. to 5:30 p.m. Sunday at the Madison memorial recreation center, Seventh street and Lee avenue.

Dinner music will be provided throughout the day, and an "all you can eat" policy again will be followed. Club members are selling tickets at \$1.50 for adults, and those without tickets may enter by paying \$1.50 for adults or 75 cents for children.

Turkey with rice dressing, veal stew, Polish sausage and sauerkraut, stuffed peppers, ham in cherry sauce, mashed potatoes, noodles and cheese, green beans, salads, fruit, coffee, milk and cakes baked by the Rotarians will be featured. Alex Schenckoff is president and Leo Schenckoff is the smorgasbord chairman.

Final plans for the event were made during a weekly meeting of the club yesterday.

READY FOR TODAY'S GRAND OPENING is the new Libson Shop at 19th street and Edison avenue. The above interior view of the extensively remodeled former quarters of the Lee Shops shows the dress and coat departments. The official opening was at 11 a.m. today with a ribbon-cutting ceremony.

Ribbon-Cutting Ceremony

New Libson Shop Opens Today In Downtown GC

Officially opened with a ribbon-cutting ceremony at 11 a.m. today was the new Libson Shop at 19th street and Edison avenue. Mayor Davis cut the ribbon.

The Quad-Cities' shop is one of three that have been opened in Madison county in recent months.

The opening ceremony was attended by community officials and dignitaries as well as Libson Shop executives from the firm's St. Louis offices.

Complete renovation of the interior of the 3500 square foot Libson Shop, formerly occupied by Lee Shops, was carried out under the direction of James Frosel, Libson Shop vice-president in charge of store design and merchandise presentation.

Staff At Local Store

Mrs. Marybelle Doney is the manager with Joan Roetties as her assistant. The staff includes Glynn Bailey, Fay Cruise, Mercedes Grimm, Mabel Lehn, Tennessee Talbot, Evelyn Thompson, June Steib and Vina Shone. They have been training at the

ing the sportswear section and the children's department are dressing rooms.

Accessory Displays

On the left of the entrance is a curved section where purses are displayed. Also in this section are hosiery and jewelry sales displays. Across the back of the shop is a large service station. There the cashier is stationed and there are facilities for wrapping.

The west side of the shop features lingerie, dress and coat departments. The fixtures are a combination of Libson blue with antique white trim or reverse. The carpeting is a deeper shade of Libson blue.

The entire store is air-conditioned for year-round comfort. The shop is departmentalized convenience. Stocks are arranged and sized for self-selection.

A layaway department and charge accounts are available.

Libson Shops started in 1928 with one small hosiery store. Now there are 24 stores in Illinois, Missouri and Iowa.

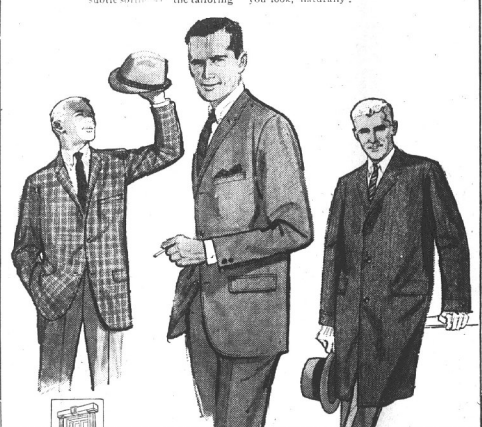

H. E. Lieberman, founder and president, said today, "We feel a strong obligation toward each community in which a Libson Shop is located."

Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

If you're storing soybeans or planning to use them for seed, check them closely.

Since supplies may be short, particularly Clark and other varieties adapted to this area, it would be wise to shop around and place your order early. The assured high quality of certified seed will pay off next year.

Many farmers have reported the lowest quality soybeans in years. But varieties were not to blame. Grasshoppers, hail and dry weather combined with bud blight, purple seed stain and pod and stem blight—to which no soybean variety is resistant—produced this year's low-quality beans. Shriveled beans have been common. Some fields contained up to 50 percent of moldy beans at harvest time.

Conditions varied widely this year. But where damaged beans have been reported, dry weather in June was usually responsible. It caused beans to emerge unevenly, resulting in differences in maturity in the same field. In many cases dry weather followed in August, causing the beans to ripen prematurely. Hail and grasshoppers made small wounds in the beans before and during ripening, allowing diseases to enter. Conditions were just right for pod and stem blight, purple seed stain and other molds.

Damage has seemed to be most serious in fields that are low in potash. In some cases farmers who controlled grasshoppers harvested high-quality beans while their neighbors' beans were 10 to 15 percent moldy.

So if your beans are moldy, your best bet is to sell them, especially if their moisture percentage is above 12 percent. Molds may spread in storage, causing increased spoilage. Even if they look like top-quality beans, test them for germination before using them for seed next spring. Better yet, buy certified seed and be sure.

Committees to deal with various important parts of the county program were appointed at the October meeting of the County Agriculture Extension Council. The committees are announced by Harold Balsters, council chairman, are as follows:

Crops—Herbert Kuehn, Dorsey, chairman; John Keller, Collinsville; Charles Luehmman, Granite City; Eldon Meyer, Moline; C. C. Loech, East Alton.

Dairy—Leland Steiner, Highland, chairman; Martin Blase, Hannay; Wilmer Henneman, New Douglas; Waldo Keilbach, Highland; Vernon Becker, Moro.

Farm Management—Howard Kaseberg, Granite City, chairman; Melvin Balsters, Bethalto; Wilfred Giville, Edwardsville; Robert Johnson, Dorsey; Norman Kluster, Edwardsville.

4-H Club—Harold Balsters, Bethalto, chairman; Howard Knecht, Edwardsville; Glenn Schumacher, Alhambra; Uell Wehling, Alhambra; Edwin Dankenbring, Edwardsville.

Livestock—Charles E. Krejci, Edwardsville, chairman; Harold Heepke, Edwardsville; Kenneth Weber, Edwardsville; Bernell Weis, Highland; Leslie Knebel, Pocahontas.

Soils—Walter Steiner, Pocahontas, chairman; Wilbert Engelke, Granite City; Arthur Schneider, Trenton; Rudy Kuttin, New Douglas; Merle Eschen-schied, Marine.

These committees will also be a workshop at Edwardsville on Nov. 26.

The annual Illinois Sheep Day at the University of Illinois will be held Dec. 7.

U. S. Garrigus, head of the sheep division, has announced that three important research results on nitrate and vitamin A studies in sheep rations, self-feeding breeding ewes and effects of feeding, breeding and management on carcass quality will be reported. Other research now under way will also be discussed. Reports from a sheep flock owner and lamb feeder are also being planned.

The program starts in the stock pavilion at 10 a.m. Those who arrive early may visit the sheep farm to see the flock and current research under way. Lunch will be served at noon. A meeting of the Illinois Purebred Sheep Association will also be held during the day.

The annual auction sale of purebred Holstein calves for 4-H club and FFA members will be held at Highland Feb. 9 by the Madison County Holstein Club.

Holstein breeders with good heifer calves from high-producing dams on D.H.I.A. records are invited to consign them to the sale. The sale committee is O. John Polcher, Wilbur Federer and Oliver Spitzer.

A two-day school for people who assist farmers in filing income tax returns will be held at the Farm Bureau building at Edwardsville Nov. 28-30 by the Internal Revenue Service and the University of Illinois. Anyone interested in attending may get more information at the farm adviser's office.

The highest milk-producing herds in the Madison County Dairy Herd Improvement Association for the last month of testing were owned by C. C. Becker & Son, Wilbur Federer, Waldo Keilbach, Oliver Spitzer,

W. Autery, Normann Henke, Harold Klenke, Walter Sievers, Ermon Becker, Elmer Klenke and Wilbert Weis.

Now that there are several varieties of wheat resistant to Hessian fly, like Monon, Dual and Ponca, a number of farmers seeded these before the recommended seeding dates to escape

fly infestations. Several farmers have inquired whether these early-seeded fields can serve as breeding places for fly that will damage other fields in the community next spring. Entomologists say the answer is no, that flies will not thrive there and go to other fields.

Then there is the question of what makes a variety fly-resistant. Apparently there is no known reason why certain varieties are able to resist attack by the Hessian fly. Several theories have been proposed but none are proven. Most researchers feel it is nutritional, meaning that resistant varieties do not supply the proper nutrients

for the newly-hatched maggot. Others believe that resistant adult flies for egg laying. Some think that resistant varieties have an inhibiting agent in their tissues that prevent development. Anyhow, these few varieties do have some quality that

prevents damage from Hessian fly.

In the annual county 4-H club crop show last week, Denny Schrupp of the Grant Prairie 4-H club had the top-ranking corn exhibit. David Steiner, also of the Grant Prairie club, had the best wheat entry. Donald Paul of the Fosterberg 4-H club

showed the champion soybean display. There were 109 exhibits of corn, soybeans, wheat, barley, oats, clover seed, popcorn and hay.

The next county wide 4-H club activity is the leaders' appreciation dinner at Edwardsville the evening of Nov. 8.

Steel Mill Gives City

(Continued from Page 1.)

discovered the 40-year-old trunk line was deteriorated and collapsing.

Actual cost of dewatering the line amounted to \$96,170, with the steel mill paying approximately half of the cost. The resolution pointed out the amount spent for rebuilding the line to total \$38,499.

The city also had expenses of \$1410 for engineering and just recently paid \$17,200 to the Granite City for an out-of-court settlement of a \$50,000 lawsuit against the city. The firm was now bolder but quit the job when it encountered additional laterals pouring water into the line which were not shown on city engineering maps. Another firm was called in to complete the job.

5 Oppos. ITR Settlement
While the payment from Granite City Steel Co. was accepted unanimously, the settlement with Illinois Terminal was approved with three dissenting votes. Opposed were Aldermen Donald Parney and Paul Rutledge.

Following approval for the \$30,080 were Aldermen Walter Nunn, Rufus LeMaster, Estill Von Schmitt, Charles Meyer, Samuel Schoenfeld, Samuel Whitmer, Edmund Bartosik, Ford Johnson, Frank Vesel and Steve Banarich. Alderman Casner Skubish was absent.

While there was no comment on the settlement, the resolution had been carried over from the Oct. 13 council session when it failed to muster sufficient support for immediate approval and was placed on first reading.

Cost 5 Times Greater
At that time, Mrs. Belinec, Parney and Rutledge had stated their views, that the \$168,000 estimated by City Engineer David J. Johnson for removal of the abandoned tracks was more than five times greater than the \$30,000 settlement. The city paid \$13,000 for removal of the rails and replacing pavement for a distance of three blocks along 19th street.

The objectors contended the city should take its chances for a settlement in a case that had been filed with the Illinois Commerce Commission.

If that should be unsatisfactory, Parney has remarked, the city could go into court.

However, City Atty John Gitchell had recommended the settlement, saying the city was not very successful in its cases before the ICC.

Tracks To Be Removed
Tracks have yet to be removed along Niedringhaus avenue between 19th street and Adams street, along Adams between Niedringhaus and 23rd street, along 23rd street from Adams to State, along State from 23rd to 20th and from 19th to 18th street, the 1700 block of Grand avenue, and along Madison avenue between 19th street and 14th street, with a double set of tracks extending from 14th to 19th street.

Granite City Steel Co. removed the tracks along 19th street from Madison avenue to State street and the 1000 block of State street to install utility lines for its new building at 20th and State streets. A motor fuel tax project was carried out for the removal along 18th street between Madison avenue and State street, and the tracks on 19th street from State to Cleveland, were removed with a \$15,000 loan from downtown retailers which has been repaid.

Alderman LeMaster provided over the session in the absence of Mayor Davis.

Salvation Army Will Repair Bus

Meeting in special session yesterday the Salvation Army board of directors decided to undertake repairs to a bus owned by the local post rather than purchase another vehicle.

The present bus was broken down recently. Cost of repairs was estimated at \$280.

Fire Damages Apartment

About \$50 damage was done to furnishings of an apartment this morning in a fire that injured the occupant. Firemen said smoking in bed was the cause of the fire at the home of Margaret Moore, 2326 Edison avenue. According to the fire department, she burned her left arm. The two-story frame building is owned by Richard Taylor, the report shows.

Waives Hearing

John W. Simpson, 46, of 2004 Grand avenue, was bound over to the grand jury Wednesday by Police Magistrate Gasparovic when he waived a preliminary hearing. A \$500 property bond was set. He was arrested Tuesday afternoon on a warrant charging deception in regards to checking a check, police said.

Plant Sites

(Continued from Page 1.)

plans on where the razing will start.

Movement of Owens-Illinois equipment and materials will be necessary as the work progresses, requiring close coordination between the plant and the contractor. Completion is scheduled during the first quarter of 1963.

36 Acres Available
It is estimated that Owens-Illinois will retain use of 20 acres of the present 56-acre site west of State street. The 36 acres remaining after removal of the tower and ten buildings will be sold for compatible use as a buyer or buyers can be obtained.

Reached by telephone in Toledo, O., Donald Koeller, executive in charge of Owens-Illinois real estate development, told the Press-Record that the 36-acre area will be disposed of for use compatible to continued operation of the box plant and also consistent with the wishes of the local community.

Buildings to be torn down were used by the American Car and Foundry Co. before the property was converted to cardboard box production by the National Container Corp. in the early 1950s. National Container

merged with Owens-Illinois in 1956.

Buildings Old, Obsolete
Some of the structures date back more than a half century and could not be easily adapted for current manufacturing operations. Louis Elms, an Owens-Illinois official in Toledo, explained. A few are being used for storage now, but the two buildings which will be preserved will provide adequate warehouse space for the box plant, he added. The plant employs about 100 persons.

Leasing of warehouse space there has been given consideration by the Tri-City Regional Port District, but an engineering report following a fire at one of the idle buildings indicated that a substantial part of the space was not suitable for the type of storage which had been planned. Some of the buildings are as much as 900 feet long.

Owens-Illinois will continue to use the office structure near the water tower and the combined office-production building behind it. The buildings to be removed are located generally to the west and north of the box plant.

The plant is located immediately west of State street in Madison. The office is located near Fifth street, and the entrance to the access road is on Market street.

Plan Modernization
While details of the remodeling have not yet been worked out, improvement and modernization of the production and storage facilities will be carried

Autos Recovered

Two autos were stolen Wednesday in Granite City. Both were quickly recovered. Wednesday night a 1956 model owned by Delores Andrew was stolen from the front of her home at 2104 Iowa street. It was recovered in the 1500 block of Niedringhaus avenue. An office door apparently was left open at Tri-City Motors, 1725 Madison avenue. Tuesday night and a set of keys was taken. The thief drove off in a 1956 convertible. It was recovered later on East Twenty-fourth street.

Woman Posts License

Helen Hickman, 19, of 628 East Chain of Rocks road, posted her driver's license as ball Wednesday when she was charged with making an improper left turn. Police said she was driving south on Madison avenue about 12:05 p.m. and attempted to turn left at Twenty-eighth street. Her auto was involved in a collision with a northbound auto driven by Steve Plebanek, 37, of 2864 Madison avenue.

out in the near future, Bins told the Press-Record.

Manager of the local plant is T. F. Bensinger, who was out of town today.

Known as the "car shops" and for many years in the production of railroad cars, the property is owned by the Owens-Illinois employees' pension fund. Car production halted in the late 1940s.

Thefts From Autos

Thieves stole from three parked vehicles in Granite City last night or early this morning. William J. Moser, 3001 Iowa street, lost a tire and wheel from his auto last night at it was parked near 25th street and Madison avenue. Ralph Puhse, 2021 Lee avenue, reported theft of about \$55 worth of assorted wrenches from the trunk of his auto which was parked in his driveway. Between 18 and 30 gallons of gasoline was siphoned from a truck parked at the home of Loden W. Whitford, 2404 Dewey avenue.

Two Autos Damaged

A head-on collision occurred about 9 p.m. Wednesday at Pontoon road and Primrose avenue. The drivers were Billy Pengo, 29, of 3910 Lake drive, and Gale D. Crane, 30, of 2645 Namaski road. According to police, both drivers said the accident was caused by an unknown motorist who ran the stop sign on Primrose avenue. Both autos were badly damaged.

Scout District Election

Election of 1962-63 officers of the Uniwah Boy Scout district will take place during an annual business meeting and recognition dinner at 6:30 tonight at Central Christian Church.

Embankment Weed Fire

Venice Firemen put out a weed fire at 9:05 p.m. Tuesday on the Merchants Bridge approach embankment near Klein street.

Earl Lee Wins Weekly Toastmaster Award

Earl Lee won the award of the week Wednesday night at the Granite City Toastmasters club for his speech entitled "You Don't Have to be Nervous."

Granite City PRESS-RECORD

Page 22 Thurs., Nov. 8, 1962
Dr. Leo Coleman spoke on "Can We Co-Exist with Communism?"
The meeting was opened by president Ray Uram. Dr. Claude Hiles was toastmaster of the evening. Charles Youngs was general evaluator.
The "bone" award went to Dr. Hiles, and the "grunt" award to Dr. Coleman.
Critics were Edward Withers and Herman Muelder.
Fourteen persons attended the dinner meeting at the Grand cafe.

HOSPITAL NOTES

\$555-\$841 Pay In 2-Year Pact For Venice Teachers

Negotiations which began last spring between members of the Venice school board and teachers in the Venice school system culminated Monday night in a new two-year salary agreement with pay raises ranging from \$11 to \$30.55 a month.

The accepted salary schedule offers teachers up to \$8 a month more this year than the plan proposed by the board Aug. 20 which was not accepted by the teachers. It provides no increase next year, when the previous schedule would have raised pay as much as an additional \$11 monthly for some teachers.

The new salary offer was made by the board at a meeting Oct. 25 with members of the salary committee of Local 963, American Federation of Teachers. Supt. John O. Pier Monday night read a letter from the committee stating it had recommended the proposal to the teachers, who voted to accept it.

Years Of Service Scale
Under the new schedule, a beginning teacher with a bachelor's degree will get \$353 monthly, increased from the present \$344.

A teacher with a bachelor's degree with 10 years in the sys-

tem will receive a monthly salary of \$786, with a scaled salary range for teachers between \$353 and \$841. Teachers with master's degrees will receive \$55 a month more at each level, for a range of \$611 to \$841, based on nine months of work.

Total yearly pay has been distributed over a 10-month period under the present system. Pay on a 12-month basis is included in the new agreement. The 12-month pay plan had been requested by the teachers, and was included in the board's earlier offers.

Asked New Categories

The teachers, represented by Local 963, originally had requested a salary schedule granting monthly pay hikes ranging from \$66 to \$166 by 1963-64. They also asked additional salary classifications for teachers with bachelor's degrees plus semester hours of training and those with master's degrees plus 30 semester hours.

While the new schedule accepted by the teachers makes no provision for such new categories, Salm said the board will enter into an agreement to help teachers who wish to do graduate work. Under a separate agreement, he said, teachers with bachelor's degrees and 10 hours of graduate work will be given an allowance for additional courses.

"Neither the board nor the teachers' committee anticipates any difficulty reaching this agreement," Salm said. "The board would like all our teachers to have master's degrees, and we feel we should help those who want to work toward them."

In addition to the pay increase and salary spread of 12 months instead of the present 10, the new plan retains a provision for sick leave accrual of 80 days. This was part of the initial board offer. The teachers had requested accrual to 90 days.

New Teachers Hired

In other action, the board hired two new teachers. Mrs. Norma Holcamp of Alton will begin in January as an English teacher in the Venice school, and Mrs. Junetta White began Oct. 29 as vocal music teacher in Lincoln school. Mrs. Holcamp will graduate of \$105 each.

THURSDAY, NOV. 11, 1937
Grocer Fred Branding took advantage of the opening for hunting pheasants yesterday and bagged the limit of two. He said he saw more game varieties than 20 years ago and was dressed in hunting clothes, on the alert for infringements of the game laws.

A Venice motorist looking for a place to hunt ducks and rabbits on Gabaret Island narrowly escaped being wounded by an irate farmer shortly before midnight Tuesday. The pellets from three shotgun blasts rattled the front of his sedan.

John D. Koelker, 527 Washington avenue, walked into police headquarters and said he was fired at without warning when he stopped his car. Police said they already had received a report from the farmer. He had been bothered recently by a cat that came around his place every night. In the morning, he said, chickens would be missing. He apparently mistook the hunter for his chicken fender.

Judge Maurice V. Joyce of Edwardsville told Granite City Rotarians Tuesday that unless barkeepers mend their ways the turn of prohibition is surely ahead.

The Horace Mann Centennial program will take the place of the annual hobby show at the Y.M.C.A. next Saturday. The opening feature of the show will be a parade in each of the Tri-Cities.

The Venice parade is being sponsored by LaRue Baxter and M. Tucker. E. W. Hoeh has charge of the Madison parade, and Misses Eleanor Madison and Violet Bedford are making arrangements for the one in Granite City.

Michael Ramach, 1116 1/2 Street, Madison, reported to police that thieves entered his chicken house and stole 21 birds.

Mrs. Carrie Gaston, sister of Walter Stone, and Mrs. Carroll Bright, left for home Monday night after visiting here. She lives in Fairfield.

New Hope chapter of the Order of Easter Star held its annual election of officers in the Masonic Temple. Those who were Miss Mildred Bunte, worthy matron; E. H. Bunte, worthy patron; Arvid Ormson, associate matron; Elmer Flisk, associate patron; James Kerr, secretary; Phoebe Smith, treasurer; Marie Brunner, conductor; and Minnie Rydgig, associate conductress.

Louis Schneider and Reese Evans, president and secretary, respectively, of Villed Prolet League No. 52, are opposed for reelection to the offices they now hold.

Approximately 75 persons witnessed the dedication of the organ yesterday near Mitchell. It urges the public not to use alcoholic beverages while driving automobiles. It was erected on Highway 66 by the Madison county WCTU.

Communism: Freedom Compared For Pupils

Communism can be fought through a study of American ideals in the public schools, in the opinion of State Supt. of Public Instruction, George T. Wilkins, who has just issued an Illinois curriculum bulletin on "Education For a Free World."

The pamphlet, currently being distributed to school administrators in the Quad-City area and throughout the state, deals with the curriculum of American's heritage with Communism and other world ideologies.

It is intended to assist administrators and teachers in incorporating sections on American democracy and other socioeconomic and political ideologies into social science courses.

Positive Approach
In addition to programming courses which will specifically contrast the American way of life with undesirable ideologies such as Communism, Fascism and other totalitarian precepts, the bulletin recommends a positive approach regarding the teaching of American patriotism.

"More is involved," Wilkins says, "than the mere teaching of a body of knowledge to children in school, although such recognition it is partly this and accept that responsibility."

"Patriotism is also a matter of personal feelings and attitudes and, thus considered, it is clearly the concern of the school, family, community, state and nation—teaching by example rather than merely preaching precepts."

"Although many Illinois schools have been teaching the job in this field, all educators," Wilkins continues, "are urged to respect and accept responsibility for the democratic way of life. For children, the best way is a positive approach—a practice of democratic citizenship."

Love Of Country
"It is the responsibility of all educators to present the national curriculum of all grade levels with precepts which in-

Mr. and Mrs. Held and son, Walter, of Waterloo, Ia., have moved to Granite City to make their permanent home. He has been in the poultry business for about 20 years and has established his business at his new home, 2705 Iowa street.

Griff W. Morris of Granite City has resumed patronage of the public library. When he took possession of a book he applied for a library card and was told he already had one—issued 22 years ago. It had not been used for several years, but was just as good for procuring a book as a new one would have been.

Miss Mary Blackburn, director of drama and the speech department of Community high school, was elected president of the Illinois Association of Teachers of Speech at the annual convention in Indiana last week. She is the first high school teacher to be elected to the post. Previously, only college professors have been given the honor.

Dr. George Wassell attended the Notre Dame church service at South Bend. He is a Notre Dame graduate.

Mrs. John Price of Stonington and Mrs. Charles DeHart of Taylorville returned home Wednesday after spending several days with the latter's son-in-law and daughter, Mr. and Mrs. Arthur May of Benton street.

Misses Isabel Smith and Dorothy Schmiede of Granite City are on the executive committee for the fall meeting of the East Side McKendree Association to be held Sunday in East St. Louis. Among those attending will be Rev. James Connelley of East Granite M.E. Church.

Paul Grigsby, superintendent of Community high school, has been appointed chairman of the special committee to study the needs of this county which will formulate plans for the organization of study clubs throughout the county for the purpose of making recommendations to revise the curricula of schools.

Approximately 150 persons attended a benefit banquet last night at the Washington school gymnasium, sponsored by School Board President Frank Hatcher, Deputy Sheriff Henry Odum and Joseph Bergrath. Other guests included the food and Odum and Bergrath officiated as chefs.

Mrs. Josephine C. Venard had a meeting of the 500 club in her home Tuesday. Prizes were given to her home. Mrs. Richard Maher, Oberlin attending included Mrs. Beas Snell and Mrs. Vincent Sautier.

On Tuesday evening, Mrs. Jessie Oehler was hostess to the Legion club in her home in Venice. Prizes went to Mrs. Marcus Voegele, Mrs. Mabel McGee and Mrs. William West.

Study Begins On Utilizing Ideal Industrial Sites Here

The Quad-Cities are richly endowed with potential industrial sites, in comparison with most U. S. communities. How to best utilize these assets is being explored by the Industrial Development Committee of the Chamber of Commerce.

Just how lucky this area is can be seen in the extreme, costly steps taken by many cities to provide land for new plants. The task here is much easier, but it must be studied if local business is to take advantage of existing sites diverted to other uses, diminishing otherwise bright growth prospects.

The 70 sites under discussion are ideal, and not just because they vary widely in size and are available at low cost at points near the core of a fast-growing bi-state metropolitan area. Their location is in the very heartland of America, being within a few hundred miles of more than half of the entire population. Utility service has always been ample, and good transportation is being made even better by contemplated improvements at facilities at the Port of Granite City, and by related highway and railroad extensions.

With competition becoming intense even from areas far away, an offer, an industrial park or some other method of preserving present sites may be necessary. It will be worth whatever is required, for a community must have broad and expanding industrial facilities if it is to survive in the economic circumstances for its residents; i. e., new jobs and a broad tax base.

The average youngster can tell his, or her, parents how life should be lived, and then some.

State Roadblock To Year-Round School Should Be Eliminated

As has been brought out by an educational study group of the Northwestern Illinois Area Study Commission, the state legislature next year should permit school districts to adopt a quarter system or year-round program if they so desire. Current state law makes this difficult, if not impossible.

A quarter system of classes encompassing a 12-month period can relieve classroom shortages which exist in the Illinois Metropolitan Area and can bring communities economically up to date without new school construction, the study group, which includes experienced educators of this area, has pointed out.

The group recommends that the state allow, not compel, school districts to alter the length of time in which they conduct regular classes. This is a right that each community should have, and there is no valid reason why the state should not remove its roadblock.

Education Director Will Be Installed

Miss Lois E. Koppelman will be formally installed as Director of Religious Education at the 10:20 a. m. worship service Sunday at St. John United Church of Christ.

A native St. Louisian, Miss Koppelman began her duties at the local church Oct. 13. She was previously in charge of religious education at the Park College, Parkville, Mo. For the past 13 years she has served as director in churches in Richmond, Va., and Hagerstown, Md.

Participating in the services of installation will be Dr. John L. Schmidt, president of the South Illinois Synod of the United Church of Christ, and Rev. Paul Schaefer, pastor of St. John's. Music will be provided by the choir of the church, and Miss Shirley Wash, choir director of Redeemer, United Church of Christ, St. Louis, and a long time friend of Miss Koppelman, will sing the solo, "Supplication," by Gillingham. Mrs. Isabel Schmidt will be the organist.

The public is invited to the service.

Auto Steering Fails
The front of an auto driven by T. H. Johnson, 65, of Edwardsville, was damaged Monday when the steering mechanism failed at 27th street and Cleveland, and ran over the grass in Wilson park, police said. Johnson was driving north on Cleveland Blvd.

Auto Battery Stolen
A battery was stolen from an auto owned by Herbert Nash, 2850 Edgewood drive between p.m. and midnight Monday. The battery was a 12-volt, 60-ampere of a service station near 20th and Iowa streets, he told police.

Open Meetings Of Public Bodies Are Fundamental In A Democracy

"We have nothing to hide." And with that comment by Mayor J. E. Lee, Venice city officials opened their informal pre-council sessions to the press and the public.

The example of Venice should be followed by other local governmental units, which, for one reason or another, prefer to discuss the public business in private behind closed doors. Fortunately, there are only a few of these, but even one is too many.

There are times, such as in the purchase of property, when premature disclosure might be injurious to the public's interest—but these are rare. All else needs to be openly discussed so that the people are informed not only as to the decision reached by their representatives, but also the reasons for the decision.

That's how a democracy works; it cannot be effective any other way. It is true, as Mayor Maeras of Madison has said, that pre-council sessions encourage "smooth reasoning" of elected representatives. But what a price for the public to pay!

Full reporting of public affairs is a protection for the people. It equally protects officials, who otherwise might be suspected of disregarding the public's interest. The legislated servants are doing it. It also puts a special responsibility on public officials, who are closing the door on the public when they meet without reporters present.

The individual who is out to prove he is smarter than anyone else is in for a series of disappointments.

Yearly Gift To United Fund Brings Benefits Each Day

That "one gift works many wonders" is evident from the range of services financed by yearly contributions to the local United Fund. Wondrous results can be and are achieved each day that funds are provided for food, clothing, health, youth and character-building agencies.

Participants in the 1962-63 program are the Aid to Retarded Children Association, American Red Cross, Boy Scouts, Boy Town of Illinois, Catholic Charities, Coordinated Youth Services, Girl Scouts, Health Services Fund, Illinois Children's Home and Aid Society, Madison County Mental Health Association, Madison Teen Town, Protestant Welfare Services, USO, Varsity Nurse Association, YMCA and "Y" Teen Town.

As John McBride, general campaign chairman, points out, "The measure of a man is his performance in the society in which he lives. The measure of a community is the composite result of the good citizenship of its citizens."

The United Fund is the major outward manifestation of our composite efforts to meet our obligations to society. We can best exemplify our devotion and service to our neighbors by diligently using our best efforts to make the current U.F. drive successful.

In the closing days of the campaign, it is important to remember that the "one gift for all" concept refers not only to the many member agencies but also to the fact that United Fund services are available to all—to each and every Quad-Cityman when he needs a helping hand.

EXPECTS THAT SPECIAL SESSION WILL BE SHORT

The public aid situation points out this problem. The money designated for public aid is falling short of the actual expenditures which our financial experts say will be recorded before the two-year fiscal period which ends June 30, 1963.

December Deadline
To aggravate the situation, these experts say that when December arrives, the General Revenue Fund will be drained to a point that either more money must be secured or bills must be upaid.

This is why we cannot wait until January when the regular General Assembly convenes to the session. The problem with the legislature must be called into extraordinary session to appropriate additional funds which provide the bare necessities of life for thousands of unfortunate persons on public aid rolls.

Economy in public aid will continue to be practiced, and as the news media has informed you, we have effected savings in this economy has come without hurt to the genuine needy when I took office and it needy.

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

CHECK MEDICINE CABINET TO PROTECT YOUR FAMILY

Seeking relief for his tired eyes, a hard-working business man reached into his medicine cabinet for an unmarked bottle of medicated eye drops. Unluckily, the eye drops he per-chased he chose contained a powerful disinfectant concentrate which, when applied, blinded him for life.

A few days later, a six-year-old boy brushed his teeth with "what he thought" was a "new kind" of tooth paste. It was actually an ammoniated mercury ointment. He died shortly after.

Fatal To 800 Each Year
Accidents such as these claim the lives of some 800 Americans a year and bring serious illness to countless thousands of others. How can you protect yourself and your family against similar accidents?

Check the family medicine cabinet is the storage area for most of our drugs and medicines—and in some cases a "catchall" for pills and sundries and potentially dangerous liquids—it would be wise to start there.

Listed below are some general storage rules for the home medicine cabinet.

Labeling Of Bottles
1. Throw away any bottle with the label missing. Write on labels the date of purchase, for whom and for what illness the medicine is intended.
2. Keep all medicines, cosmetics, cleaning fluids and insecticides out of the reach of children.
3. Keep no drugs or chemicals in "make-shift" food containers.
4. Keep medicines in a cool, dry place, out of bright sunlight. Keep preparations in the refrigerator when this is specified.

Need To Discard
5. Ointments are usually good or dry out, if they are in a tube, the tube shows signs of corrosion, throw it out.
6. Suspensions have very long shelf lives, but they should be shaken well before using.
7. Solutions are usable while they remain clear, unchanged in color and free of residue.
8. Tablets are usually good until they show signs of disintegration. Then throw them away.

Painter New President Of College Group

David D. Painter, 21, of Venice, a student at Eastern Illinois University, was elected president of the Triota Region of Gamma Delta at the annual convention held in Charleston, the past weekend.

The Triota Region consists of 20 chapters at universities in the states of Illinois, Indiana and Iowa. Gamma Delta is the International Association of Lutheran college and university students in the United States and Canada with a membership of more than 3000.

Painter's first duty will be to attend the international convention in Lincoln, Neb., over the Thanksgiving holidays. Other duties will include directing the work of the entire Region and to correlate work of other officers.

An ardent worker in Gamma Delta since entering EIU in September 1959, Painter held the office of president of the local chapter, Alpha Mu, during his freshman year. In his senior year he served as Triota Region publicity chairman and was representative to the international convention.

He still holds the office of international publicity chairman to which he was elected in his junior year.

A senior mathematics major, he is a member of Phi Kappa Phi fraternity. Painter is a son of Mr. and Mrs. Ralph Painter, 422 Lincoln avenue, Venice.

Editor Of College Paper

Miss Lu Ann Barnes, a daughter of Mr. and Mrs. Marvin Barnes, Venice, was elected editor of the college paper, the "Kendall College" in Evanston, Ill.

Miss Barnes is a second year member of the two-year liberal arts college.

Street Dept. Workers On Routine Projects

Street department workers this week are carrying out projects on signs, catch basin repairs and sewer and manhole cleaning. A five-man crew continued to grade and apply rock in alleys; the six-man crew is paving new streets with blacktop material.

The street sweeper also was being operated by one man was assigned to office work.

Two Zero Days A Year
The temperature in the Quad-City area drops to zero or below only an average of two days each winter. Snowfall has varied from 1.5 inches in 1953-54 to 25.1 inches in 1957-58.

67,737 Area Population
The population of the three local cities and the unincorporated communities of Mitchell and Ponton Beach is estimated at 67,737.

CLAUDE PICKS:

Claude the Computer, who let sentiment override his better judgment last week in picking Granite City to whip Quincy, went back to the "hard facts" this week in coldly predicting a chilly end to the Warrior football season here tomorrow night.

The computer sees powerful Belleville winning by a landslide and, in other Northwestern conference games, goes along with Alton and East St. Louis. If the mechanical mastermind is right, the SWC title will not be decided outright Thanksgiving morning at the traditional Belleville-East St. Louis meeting.

Granite City, a two-touchdown favorite (according to Claude) against Quincy, was aided and abetted by unpredictable Lincoln of East St. Louis last week in spoiling the brain's predictions.

Lincoln stopped Cairo Summer despite Claude's pregame opinion to the contrary. Those two misses (and a 13-13 tie between Roxana and Jerseyville) were blots on Claude's record. This week he predicts:

TONIGHT
Cahokia 19, Assumption 15.
FRIDAY
Belleville 40, Granite City 0.
Alton 21, Wood River 6.
St. Louis 27, Collinsville 13.
Edwardsville 33, Roxana 0.
Highland 30, Nashville 7.
Carlinville 25, Belfair 6.

SATURDAY
Dupo 26, Gillespie 13—Belleville Cathedral 25, Lincoln 12.
Principia 12, Western Military 6.
SUNDAY
Marquette 32, Vianney 7.
SEASON RECORD: 73 of 97 winners selected for 79.3%. Best bet: Seafolding over scoreboard.

SIBA's Second Round Begins On Saturday

Granite City and Madison entries in the Northwestern Illinois BPA Classic bowling league begin the second round of the season Saturday at Collinsville's Fairmont Bowl against Cahokia and Millstadt (opponents of Cahokia) in the 7:30 p.m. session. Bowland Schlitz (12-12) is scheduled against Cahokia Bowl (14-10) and Madison Bowling Club (5-19) will make up some lost ground against Millstadt Bowl (13-11).

League-leading Fairmont Bowl of Collinsville defends its advantage on its home lanes against Adams-Gordon Realty of the Touchette lanes. Fairmont stands 18-6 and Adams-Gordon is 9-15.

Second-place Fairmont Bowl (Alton Bowl) (15-9) will roll against Shop City Bowl (14-10) of East St. Louis in the fourth match.

Last week, Schlitz pulled up to the 500 mark on Max League's 266 and 682 efforts, which helped the Bowland representatives roll 1084 and 3088 as a team.

GC Council To Oppose Any MFT Fund Transfer By State

Opposition to state use of motor fuel tax funds for welfare purposes, vacation of sections of two alleys and repairs at four railroad crossings were street matters taken up Monday night by Granite City council members.

City Atty. John Glitchoff was instructed to prepare a resolution to be forwarded to Gov.

Granite City PRESS-RECORD
Page 28 Thurs., Nov. 8, 1962

Otto Kerner, stating the city's opposition to "borrowing motor fuel tax funds to be used for other purposes by the state."

The governor announced last week he was calling a special session of the state legislature Nov. 12 for the purpose of securing funds for depleted welfare and general assistance funds without raising taxes.

It is believed he is "eyeing" a balance in the state motor fuel tax account, which is allocated to municipalities, townships and counties for improvements to arterial streets and roads.

A suggested resolution was submitted by the Madison Construction Co. of Edwardsville with a letter from the firm's president, Robert B. Dunlap.

Several aldermen reported they had learned at the recent Illinois Municipal League convention that motor fuel tax funds might be "tapped" by the state for other purposes. "It is known," Alderwoman Mrs. Garretts pointed out, "that when they borrow funds like that, there is no intention of paying it back. We'll be losing some of our motor fuel tax money."

The motion for preparation of the opposing resolution was made by Alderman Ford Johnson, who stressed the need to have ample motor fuel tax funds available for local projects.

Approved by the council was vacation of 150 feet of the 2300 block alley between Benton street and Cleveland blvd. The alley is to be vacated north of 21st street and a 20-foot access easement to Benton street is to be provided by St. Peter Evangelical & Reformed Church. Utility easements are to continue in the present alley.

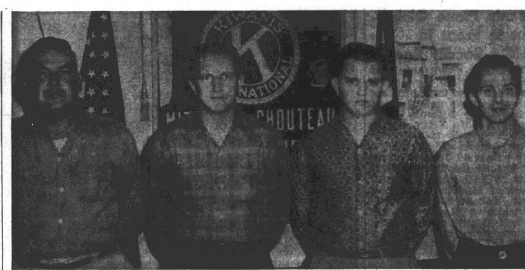

The church plans to raze the first three four-family flats north of 21st street and provide off-street parking for members. A 60-foot section of the 1900 block alley between State street and Grand avenue was requested by Tri-City Grocery Co. with the access easement to grand avenue to be located 60 feet further north.

The request was taken under advisement, pending further study. A spokesman for the local firm said a major portion of the alley now is occupied by warehouses which are to be expanded.

Rail Crossing Repairs
Repairs to railroad crossings at Niedringhaus avenue, 19th street and 20th street were requested by Alderman Walter Nomm. He suggested the city attorney seek the assistance of the Illinois Commerce Commission in obtaining orders to railroads for the repairs.

Added to the list by Alderman Johnson was the West Pontoon road crossing. He told council members a woman motorist had broken an axle on her auto there in recent weeks.

Johnson and several other aldermen also pointed out the automatic gates at West Pontoon were not functioning properly. Alderman Charles Meyer said he saw the gates go down when a slow, northbound freight train reached the 25th street crossing and it was nearly 20 minutes before the train arrived at West

TO BE INSTALLED—These newly-elected officers of the Mitchell-Chouteau Kiwanis club will be installed Dec. 10 at ceremonies at the Luna cafe. They are Francis Richardson, treasurer; Golden Barton, second vice-president; Gene Durrett, first vice-president; and Roy Kern, president.

Rites Monday For Albert J. Hillebrand

Funeral services were conducted Monday afternoon at a Troy funeral home for Albert J. Hillebrand, 78, of near St. Jacob. A former Madison resident, he died Friday at his home.

Mr. Hillebrand is survived by his wife, Viola; a son, Albert, in the U. S. Army at Ft. Carson, Colo.; a step-son, Robert Howard; a sister, Mrs. Mary Taylor; and a brother, George Hillebrand, Madison; and one grandchild.

Vandals Ruin Tire

Vandals ruined a tire on a 1961 auto Monday night by puncturing it with a sharp instrument. The vehicle was parked at 2165 Monroe street. It is owned by Tony Petrillo of that address.

TAKING A BREAK during rehearsals for "Nuts and Bolts," the Venice high school junior play cast lines up for a picture. The play, a three-act comedy farce, will be staged at 8 p.m. tomorrow under the direction of Robert L. Hendrickson.

Arbitration Ruling On Tractors Appealed

The Granite City school district is appealing a state arbitrator's action relating to use of tractors. It was announced during a school board meeting Tuesday night. Further word is expected soon from the state labor department office in Springfield.

The procedure followed and the award of all tractor use to Teamsters' Local 525 are being contested. Custodians in Building Employees' Local 98 have been using a tractor to pull moving equipment on the high school-Coolidge Junior high campus.

The grievance was filed by Local 525 in May, and arbitration by a state conciliator took place in July, with the apparent finding in favor of the school board members said. Rebuttal of initial briefs has not yet taken place, they added. Arbitration results are not binding on a school district.

Mitchell Kiwanis Club Plans Installation

Plans were completed Monday by the Mitchell-Chouteau Kiwanis club for the installation of 1963 officers. The event will be held at the Luna cafe in Mitchell Monday, Dec. 10.

The officers-elect are Roy Green, president; Gene Durrett, first vice-president; Golden Barton, second vice-president; and Francis Richardson, treasurer. A secretary also must be installed. He will be named by the board of directors.

There was no program Monday. A board of directors meeting was held instead with 12 members in attendance and one guest from the Granite City Kiwanis club.

A report was made on the progress of the youth bowling program.

Completes Training

Army Reserve Pvt. Robert E. Campbell, 23, whose wife, Connie, lives at 1302 Oriole street, Venice, completed a five-week aircraft maintenance basic course under the Reserve Forces Act program at the Aviation School, Fort Rucker, Ala., recently.

He is the son of Mr. and Mrs. Elwin E. Campbell, of East St. Louis, and a 1958 graduate of Granite City high school.

Auto Skids On Bridge

The left side of the auto of James W. Rose, St. Louis, was damaged at 6:55 a.m. Tuesday when the eastbound vehicle skidded near the eastern end of the McKinley Bridge and collided with the bridge structure.

Local Soldier Awarded Medal Of Appreciation

Army Pfc Earl W. Lindsey, 20, of Granite City recently was awarded a special medal of appreciation by the city of Hamburg, Germany, for the part he played in bringing relief to the city during a flood disaster last spring. He is the son of Mrs. Edna C. Wheeler, 2900 Cayuga street.

Lindsey is an aircraft maintenance crewman in the 4th Transportation Company in Hawaii. He entered the Army in July 1961 after graduation from Granite City high school and trained at Fort Leonard Wood before going overseas last December.

1962 GCHS Harvest Queen Is Busy, Active Student

By Dee Sailer

If the past determines the future, the life of Carolyn McRaven, 1962 Harvest Queen at Granite City high school, will be full of activities and responsibilities.

During Miss McRaven's career at GCHS, she has found a variety of activities to keep her busy. A mathematics major, Carolyn is an active member of a number of extra curricular organizations.

The cute, pretty blonde is president of the advanced mixed chorus, president of Masque and Gavel, treasurer of the National Honor Society and secretary of the YMCA Teen Town Council.

She also is active in the Modern Music Masters, the Girls Athletic Association and the Tri-Hi-Y.

Along with her secular activities, Miss McRaven is organist at the Third Baptist Church. She is vice-president of the church adult choir, a member of a girls' trio and an active member of the Young Womens Association.

CAROLYN McRAVEN

After graduation Miss McRaven plans to attend Eastern Illinois University at Charleston to continue her work in math. Eventually, she hopes to be a high school math teacher.

BUSINESS MAJOR

Larry D. Keel, who was graduated last year from Granite City high school, is enrolled at Southern Illinois University's Alton center as a business major. Keel lives at 2401 Dewey avenue.

ENROLLED AT EASTERN

Martha D. Spengler, 2608 Adams street, is a business major at Eastern Illinois University in Charleston. Miss Spengler is a 1962 graduate of Granite City high school.

Granite City GAA Groups Hold Potluck

Girls Athletic Association members from Coolidge and Prather junior high schools and Granite City high school held their first social event of the year last night—the GAA potluck dinner.

The event began with social mixers in the GCHS gym, followed by the dinner and a program in the school cafeteria. Progressive games followed the program.

Theme for the evening was "Cookie Jar," with all decorations centered around the theme. Decorations were from the GAA supply closet, with no funds spent on the event.

Potluck chairman was Sally Baumburger. Kathy Poole headed the entertainment committee. Connie Mathews was food chairman. Chris Pantagis cleanup chairman and Ruth Barney decorations chairman.

Each class had a decoration chairman to work under Miss Barney. They were Barbara Lewis, sophomore; Judy Whitmer, junior; and Ramona Ortiz, senior.

The purpose of GAA is to "promote interest in athletics, healthful living and good sportsmanship." Sports activities are offered after school daily except Wednesday, when the GAA meetings are held.

YMCA Teen Council Plans Honorary Tea

The YMCA Teen Town Council will give a tea at 6:30 p.m. Monday in honor of Carl Graham, Earl Iberg and Mr. and Mrs. C. E. Townsend.

Larry Tolbert, council president, said the event is an expression of our appreciation for their generosity and many favors to the teen age department through the years.

Mrs. Marie B. Spengler is the "Y" teen age director.

GCHS Journalists Are Focus Contributors

Beginning with this issue, Granite City high school journalism students of Miss Marcia Hance are contributing Youth Focus material, along with the regular correspondents from Venice and Madison high schools.

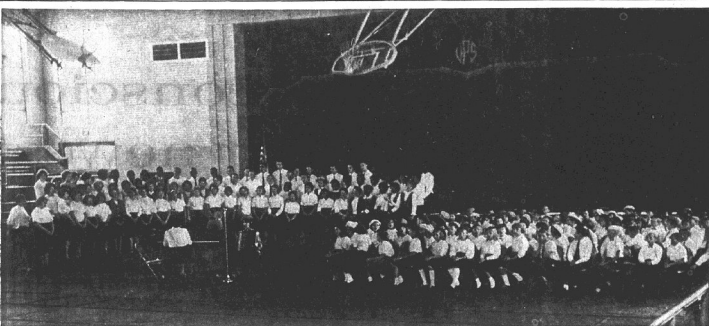

The YMCA Teen Council members will continue to submit material relative to "Y" activities, and other organizations are invited to contribute.

Deadline for Focus material is noon Tuesday.

PLAN CANDY SALE

Venice high school seniors will begin sale of a new supply of candy later this month, class officers have announced. Proceeds from the candy sales will go toward financing a senior class trip in the latter part of the school year.

Madison Choral Program Planned Tomorrow Night

By Diana Fox

A public performance will be presented at 8 p.m. tomorrow at Madison high school by the vocal music department, under the direction of Mrs. Valerie Stevens.

Entitled "Oah La La, Parisienne," the program is based on previous performances by the MHS vocal students. Both group and solo selections will be included.

The Madison students last week entertained the Venice school student body and faculty with a similar program. School officials have expressed a feeling that this type of performance should be encouraged as an exchange program between the schools.

Price of tickets for tomorrow night's event is 50 cents for adults and 25 cents for children. Tickets may be purchased from any vocal music student.

PROSPECTIVE COLLEGE STUDENTS at Madison high school have been invited to attend "University Day" at St. Louis University Nov. 18. Visiting students are to meet in the university gymnasium, 3672 West Pine street, to discuss their various college plans with representatives of the school. The program is to begin at 1 p.m.

TODAY WAS CAREER DAY at Madison high school, with juniors and seniors given an opportunity to discuss future plans with representatives from a number of colleges and local businesses. The superlative students were able to ask questions and enter discussions aimed at helping them decide their respective vocations.

Venice Juniors To Stage 'Nuts And Bolts' Friday

By Michael Lopez

"Nuts and Bolts," a three-act comedy farce by Jay Tobias, will be presented at 8 p.m. Friday in the Venice school gymnasium as the annual junior class play.

Action in the play takes place at a sanitarium "somewhere in Missouri." The plot centers around a search for brother Benjamin left hidden before he died. Sanitarium patients join in the search.

Cast in the role of Rebecca Bolt, manager of the Bolt Sanitarium for Mental Hygiene, is Mary Margaret Caruso. Mary Jane Caruso plays the part of Rebecca's niece, Benita.

Gary O'Neill is cast as Twink Starr, Benita's fiancé. Joyce Daniels will play the role of Lattie Spinks, the maid, and Marjorie Fritter will portray Martha Grubb, a melancholic cook.

The part of Dr. Hippocrates Joy, a psychiatrist, will be done by Gary Fears, with Richard McIntosh in the role of Henry Gooder, a porter who is afraid of lunatics.

Ken McMullen plays Phineas Phockett, a lawyer with a humility complex; Diane Weber plays Miss Frunella Fing, a patient with claustrophobia; and Mike Edwards is cast as Caldwell Clippy, a patient with a fear of cats.

Completing the cast are Judy Johnnie, who is Mrs. Gerle Glossop, a patient; Harold Case, cast as Mrs. Glossop's son, Wilbur; and Bill Barritt, who will play the role of Jack Gordon, a young intern.

Faculty advisor and play director is Robert L. Hendrickson of the English department.

FOUR MEMBERS of the Venice high school student council attended a district meeting Saturday hosted by University high school at Carbondale. The Venice group shared a bus with the Edwardsville high school council for the trip.

Students attending were Jim

Kutz, Mary Margaret Caruso, Virginia Koelker and Mike Lopez. They were accompanied by their faculty advisor, Richard Ganshine.

THE VENICE FHA will sponsor the school's third dance of the year next Wednesday evening. The dance—first major event sponsored by the FHA this year—is billed as "The Tin Can Hop."

VHS SENIORS spent a portion of Monday morning taking the Strong Vocational Test which is required for entrance to many colleges. Results will be sent to colleges for which students listed preference.

Several seniors will go to East St. Louis Saturday to take the American College Testing Program examination at the Southern Illinois University Center. The ACT test is required for admission to a number of colleges and is a prerequisite to receipt of a state scholarship.

INDIVIDUAL PHOTOS of all Venice students taken earlier this year are now on display and for sale in the publications room.

Miss Lierman Attends State Speech Meeting

Miss Sandra Lierman represented Granite City high school at an Illinois Speech Association meeting on the weekend at Springfield.

In a special session the program was devoted to problems of the new teacher. Areas of curricular and extra curricular speech were discussed. The convention featured sectional meetings to provide demonstrations in debate, play writing, judging of oral interpretation, techniques of debate coaching and other activities.

James Backes of the Southern Illinois University speech department faculty was the featured convention speaker.

Traffic Deaths Could Reach New Low In '62

The death toll from Quad-City area street and highway crashes stands at 16 after the first ten months of 1962, equaling the previous ten-month low marks of 1960 and 1958.

The January-October span brought 17 fatalities in 1955, 23 in 1956, 25 in each of 1957 and 1958, and 35 in 1959.

In 1958, the pace increased near the end of the year to total 23. But in 1960, the same rate continued and the year ended with a record low of 18. Last year, there were 25 fatalities.

Route 111 Accident

The 16th victim of the year was Dennis R. Hancock, 25, of In addition to the death, the killed Oct. 20 when an auto he was driving skidded out of control on Route 111, crashed into a railroad flasher signal at the Alton and Southern Railroad tracks and overturned. He was

thrown out and suffered head injuries. The location was a half-mile north of Bypass 40, Kiwanis club.

October traffic reports showed 115 accidents and 47 injuries. This generally was the lightest October toll since the mid-1950s. For the first ten months of the year, there have been 1326

misshaps with 617 persons hurt and the 16 killed. Monthly averages for 1962 thus are 132, 61 and 1.6.

Fewer Injuries This Year

The averages compare with similar figures of 157, 66 and two for all of 1961. January-October injuries of 617 this year were topped previously only by the 649 in 1961 and 662 in the first ten months of 1960. Ten-month collision comparisons are 1326 this year and 1324 last year, exceeded only by 1386 in 1960 and 1346 in January-October 1957.

Last year ended with 1633 accidents, 799 hurt and 25 killed, and the all-time peaks were 1731 in 1960, 805 in 1960 and 44 in 1954.

At present rates, the current year would end with 1591 crashes, 740 injuries and 19 deaths. Unfortunately, the rate usually increases in November and December.

Accident Near Parade

As autos halted on the Broadway viaduct to allow a parade to pass at 3:35 p.m. Monday, the front of the westbound car of Lonnie Stone, 2305 Edwards street, struck the rear of the auto of Clayton W. Freeman, 134 Broadway, Venice, who had halted for the traffic. Stone's vehicle was towed to a garage, and Freeman listed damage to the tailights, trunk, rear bumper and fenders. The motorized parade was held by Democratic candidates.

Children's Book Week Observation Planned

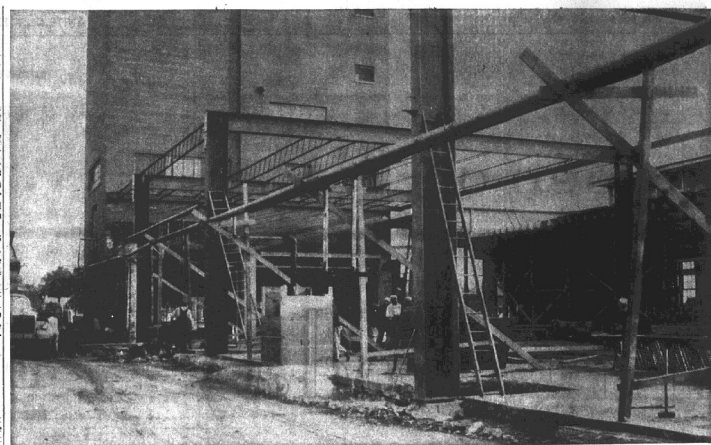

National Children's Book Week will be observed at the Granite City public library next week, according to Mrs. Mary Gene Knuffink, librarian.

Mrs. Knuffink said the library will be closed Monday in observance of Veterans' Day. The remainder of the week, however, special displays and tours for children will be featured.

Treats will be given younger children visiting the library during the week. Nearby schools usually send students by class groups to tour the library and learn about its facilities during the week, Mrs. Knuffink said.

MORE RAZING than anticipated was needed to increase the capacity for a green coffee storage warehouse at the Nestle Co. plant, 21st and Adams streets. The above view, looking east toward Adams street from the rear of the lower building, shows new structural steel for the

warehouse. Originally it had been planned merely to raise the roof of the building, but it was necessary to tear down walls. The plant, formerly a brewery, was badly damaged in a disastrous and fatal explosion in August 1961.

CONCRETE FOOTING for the new four-story instant coffee processing building is nearing completion at the Nestle plant, L. R. Causey, plant manager, said the present construction schedule, weather permitting, calls for the

plant to be in trial operations by late spring or early summer next year. The above view is looking north from the 21st street entrance at the plant.

Motion Not To Read Minutes Losing Ground

In recent years, each Granite City alderman has been supplied with a copy of the minutes of the last meeting in order to eliminate their reading by the clerk.

However, the motion to suspend the reading is losing ground, and the city building inspector and city attorney had to be called upon Monday night to "bring in" aldermen who were still in the halls when the meeting started late at about 8:10 p.m.

Alderman Rufus LeMaster was presiding, and Aldermen Cramer Skubish, Estill Von Schmittou and Edmund Bartosiak were not present for the opening roll call.

The initial vote on the minutes failed to carry.

Alderman Walter Nonn, who leads the voting and always votes "no" on the minutes, called upon City Inspector Earl Bloomquist and City Atty. John Gierhoff to "bring in" the other aldermen. Skubish was absent, but Schmittou and Bartosiak appeared.

Voting "no" on the second roll call were Nonn, Donald Partney, Paul Rutledge, Steve Basarich, Edmund Bartosiak and Pe'd Johnson. With seven other aldermen present and voting "aye" the Oct. 22 meeting minutes were declared approved without reading.

The minutes of a special meeting last week were approved with only one "no" vote by Partney.

Relief Costs Up In October

Relief costs increased in Nameoki township during October. While the number of general assistance cases dropped by one, aid was given to 188 individuals last month compared to 152 in September.

Costs in October totaled \$5799, with 50 cases involving the 188 individuals. In September, relief disbursements amounted to \$3918 for 51 cases with 152 persons.

Total relief costs for the fiscal year, which started in March, amounted to \$33,579 for the eight-month period.

In October 1961, there were 60 cases with 192 individuals and costs of \$6080.

GC Bill List Totals \$134,776 --\$68,831 For Sewer Work

One of the largest bill lists in recent months \$134,776 was approved Monday night by Granite City council members.

Along with \$31,393 half-month salaries for a total of \$168,169.

Largest payments on the list were to A. H. Seebold Co. in the amount of \$68,831 for completed work on the Belleme Village-St. Clair avenue sanitary sewer system and \$39,368 as the first payment on the motor fuel tax improvement on Indiana avenue.

In connection with the sewer project, City Engineer David J. Johnston was paid \$1312 for inspection of the work. The payment was for the services of two inspectors for a month plus 75% for overhead. Johnston also was paid \$416 under his contract with the city to provide regular engineering services during October.

Calls For Separation
Approval of the bill list was not without comment.

Separation of the bills and salaries was called for by Alderman Donald Partney, following an all inclusive motion by Finance Committee Chairman Walter Nonn.

However, without seeking a vote on the separation, Alderman Rufus LeMaster, who was presiding in the absence of Mayor Davis, called for separate votes.

Alderman Partney and Paul Rutledge opposed the bill list, but voted approval for the half-month salaries.

\$80 For Mayor's Advertisement
The bill list included payment of \$80 to the Press-Record for a "Letter to Citizens by Mayor Davis on Garbage collection." The advertisement had been placed in the Aug. 6 issue of the Press-Record by Mayor Davis and had been billed to him personally. The amount was charged on the bill list to the sanitation account.

Allowances on the bill list included \$30 to Alderwoman Mrs. Gabrielle Belfine for gasoline, telephone, postage, a notebook, ink and notebook filler. Alderman Walter Nonn received \$30 for October expenses of "gasoline."

line, oil, telephone, grease job and incidentals.

The mayor's expenses during October amounted to \$130; while under civil defense, \$35 was paid for Lewis E. Sabin to attend a 12-week radiological monitoring course. Supt. of Streets William Warfield was reimbursed \$16 for nurse care during September.

Salt Tax For Streets
Payments for street materials were—\$3246 for 155 1/2 tons of salt; \$1104 for 45,000 pounds of asphalt from Witco Chemical Co.; \$2056 for 380 tons of rock chips bought from Midwest Black Top Roads, Inc.; \$540 for 675 cubic yards of slag purchased from Ferro Processing Corp.

East St. Louis & Interurban Water Co. was paid \$1263 for October rental charges on \$345 fire hydrants; Illinois Power Co. was paid \$2003 for street lighting and other services to the city, and there was payment of \$1807 to the Illinois Municipal Retirement Fund for city employees during October.

Maintenance, fuel and parts for city equipment amounted to \$9605; and miscellaneous payments included \$30 to the Municipal Finance Officers Association of the U. S. for a year's membership fee to end Nov. 30, 1963, and \$50 paid to Granite City Realty Co. to extend the controller's \$10,000 bond for a year.

Grand Cafe was paid \$4275 for 57 meals served to city jail prisoners during October.

Public Hearing Set Nov. 20 On Route 55

A public hearing to discuss the proposed improvements of Interstate 55, presently known as U. S. 66, from its intersection with Interstate 70 northwest of Troy to its intersection with Illinois 4 and 43 east of Worden will be held at 10 a.m. Nov. 20 in the Madison County Farm Bureau Building in Edwardsville, G. H. Shanahan, district highway engineer, announced today.

Shanahan said the public is invited to attend and participate in the discussion.

The proposed improvement will consist of up-grading the existing four-lane divided pavement to full interstate standards. This will necessitate the construction of highway separation ditches for local roads at strategically determined locations and the closing of some of the other lesser important local roads.

Maps for the proposed improvement will be on display during and following the hearing for inspection by the general public.

Personnel of the East St. Louis district highway office will be present to discuss individual problems before and after the hearing, Shanahan said.

School District

Financial Status

Being Reviewed

A negotiation meeting tentatively set for Friday evening is being postponed to give the Granite City school board more time to review present school finances and the funds available for increases in the teachers' salary schedule.

The session between school administrators and the salary and policy committee of Local 743 American Federation of Teachers, was suggested to Supt. Harold M. Kaiser Monday evening by Mrs. Helen Bjorkman, committee chairman.

The board met in special session Tuesday night but did not have the finance issue on its agenda and decided against evaluating it at that time.

Business at special meetings is restricted to agenda items, and Board Member Homer Huber urged adherence to this principle in consideration for board members unable to attend special meetings.

Salary talks for the period beginning July 1, 1962, were conducted during the spring, with no agreement reached by the end of the school term in June. At the teachers' request negotiations this fall dealt with terms of a "working agreement." With that phase completed, attention now is centering on finances, which were discussed informally by the board, superintendent and committee Oct. 30.

School board members had anticipated a new request from the local, but Mrs. Bjorkman said it submitted the last proposal and now hopes for an offer from the school district. In studying the current financial outlook, the board is to determine whether to alter its most recent offer.

Board members present Tuesday were President Robert Spangler, Secretary George Stahman, Ralph Buske, Dan Linder, Ralph Fricker and Huber.

State Capitol NEWS

After a meeting with legislative leaders last week, Gov. Otto Kerner announced he is calling a special session on Nov. 12 for the purpose of authorizing the transfer of funds to the General Revenue Fund to finance Illinois public aid requirements.

The General Revenue Fund is the all-purpose account from which the state pays its day-to-day bills, including public aid," the governor said. "This all-important fund was empty when I took office and it constitutes the heart of the financial problem of this state."

"The public aid situation points out this problem. The money designated for public aid is falling short of the actual expenditures which our financial experts say will be recorded before the two-year fiscal period ends June 30, 1963. This is why the legislature must be called into extraordinary session to appropriate additional funds which provide the bare necessities of life for thousands of unfortunate persons on public aid rolls."

Federal funds are being sought to finance construction of a scenic highway through the Illinois Ozarks and Shawnee National Forest between the Mississippi and Ohio Rivers in Southern Illinois, Gov. Kerner has announced.

The state is seeking funds under the Forest Highway System program, established by Federal Public Works Acceleration Act recently passed by Congress and approved by President Kennedy, the governor said. The funds would cover construction of about 77 miles of the proposed 108-mile route.

The proposed road would extend from Grand Tower, southwest of Carbondale, on the Mississippi River to Battery Rock, northeast of Cave-in-Rock State Park in Hardin County on the Ohio River, via the towns of Alto Pass, Cobden, Goreville, Tunnel Hill, Ozark and Karbers Ridge in Jackson, Union, Johnson, Pope and Hardin counties. Gov. Kerner said construction of the highway would serve to promote the economic and industrial development of the area and its scenic attraction for tourists from throughout the mid-western portion of the nation.

A mishandled gun is not the only danger present during the hunting season.

Dr. Franklin D. Yoder, director of the Illinois Department of Public Health, has warned that all who come in contact with wildlife should remember that a variety of diseases are transmissible to man from wild creatures. Persons who handle sick animals, are bitten by them, or who handle the carcass may be infected.

In dressing wild game, especially rabbits, it is advisable to wear rubber or plastic gloves or run the risk of being infected with tularemia, a disease which is transmissible to man by contact. During 1961 there were 39 tularemia cases reported in the state, resulting in one death.

Traffic fatality figures show that Illinois is well below the nine per cent increase in highway deaths recorded for the nation at large, Frank Davin, secretary of the Governor's Official Traffic Safety Coordinating Committee, said last week.

For the first nine months of this year, the nation logged a nine per cent increase in traffic deaths as compared with 1961.

In Illinois, the Governor's Official Traffic Safety Coordinating Committee has been engaged in the battle against traffic fatalities along with all law enforcement agencies, the Illinois Division of Traffic Safety and local agencies.

Venerous disease has become a health problem of nationwide importance, especially in young people, according to a report from the Illinois Department of Public Health.

Last year there were 26,361 cases of gonorrhea reported in the state, of which 23,160 occurred in Chicago.

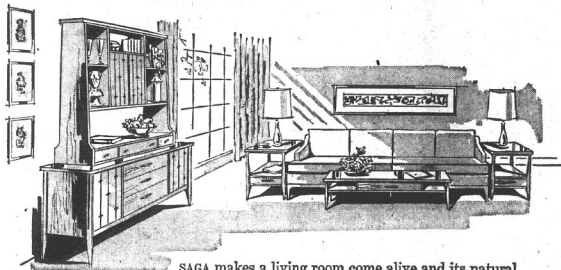

Syphilis cases reported in the state during 1961 totaled 6543 and 5332 of the cases were reported from Chicago.

Soybean combining is nearing completion at about the usual date, according to the Illinois Cooperative Crop Reporting Service. Less than five per cent of the acreage remains to be harvested. Harvesting is virtually completed across the central half of the state.

On the shelves in the three public libraries in the Tri-Cities are 89,069 volumes.

The Ruth O'Dell Missionary Circle of Calvary Baptist Church met Tuesday afternoon in the home of Mrs. Lois Bradford, 2131 Patton road, for a social gathering.

The program opened with the call to prayer by the prayer leader, Mrs. Bradford, who read the list of missionaries. The prayer was by Mrs. Thelma Phelps.

Mrs. Viola Jones, program chairman, was in charge and devotions on the topic, "World Awareness," was given by the following members: Mrs. Edith Harris, Mrs. Phelps, Mrs. May Williams, Mrs. Bradford, Mrs. Beatrice Henry, Mrs. Bernadine Bryant and Mrs. Esther Owens.

A fellowship meeting will be conducted Sunday, Nov. 18, at Kirkpatrick Homes Recreation Hall for the aged and shutins, and a film will be shown, followed by refreshments.

The circle also will participate in a week of prayer from Dec. 3-7. A special offering for foreign missionaries was taken and a scrap book was sent to a circle member who is hospitalized.

The missionary study chairman, Mrs. Owens, announced that a missionary book would be studied Nov. 19, preceded by a supper at 6 o'clock. It will be taught by Mrs. Rosalie Jones and Mrs. Hiram Rhodes, 2216 State street. Mrs. Cullum is the former Jo Ann Rhodes.

Mt. Zion Church Missionary Group Installs Officers

Officers for the coming season were installed Monday evening at a meeting of the Missionary Society of Mt. Zion General Baptist Church.

Mrs. Pauline Cravens of Cedar View General Baptist Church conducted the ceremony, and those taking office were Mrs. Geraldine Sharp, vice-president; Mrs. Nola Clutts, secretary; and Mrs. Peggy Buchanan, all of the Night Society; and Mrs. Wilma Leavitt, vice-president; Mrs. Celesta Sawyer, secretary; Mrs. Mae Moss, treasurer, of the Day Society.

Others installed were the sponsors of the younger groups: Girls' Guild, Mrs. Virginia Collins; Crusaders, Mrs. Mattie Hahn and Mrs. Delores Miffin; and Jewel Crusaders, Mrs. Sharp and Mrs. Dena Williams.

Preceding the installation and program, a dinner was served at the church to approximately 40 persons.

The invocation was given by Mrs. Sharp.

Mrs. Cravens was the speaker of the evening, taking as her topic "Missionary Challenge."

There also was a comedy skit by the Girls' Guild and a solo by Mrs. Helen Dorch, accompanied by Mrs. Buchanan. Mrs. Leavitt offered the closing prayer.

MRS. ROBERT IMBODEN SHOWER HONOREE
Mrs. Robert (Jokan) Imboden was given a pink and blue shower Monday evening in the basement of Second Baptist Church and received many gifts.

A pink-feathered musical comedy centered the gift table, and decorating the refreshment table were miniature dolls, butterflies and tall pink tapers encircled with more of the dolls.

Attending the shower were Mrs. Paule Zeller, Mrs. Alice Hoffman, Miss Betty June Hoffman, Mrs. Juanita Imboden and daughter, Suzanne, Miss Shirley Colman, Miss Shirley Zahrt, Mrs. Mildred Imboden, Mrs. Lois Imboden, Mrs. Margaret Caringer, Mrs. Charlene Sanders and children, Nancy and Norman. St. John Church Evening Guild Plans Events

"Paths of Service" was the topic of the devotional and Thank Offering ingathering service in connection with the November meeting of the Evening Guild of St. John United Church of Christ Monday. It was led by Mrs. Rose Marie Bauer and Mrs. Georgia Surbey.

Mrs. Bea Rittenhouse, president, conducted the meeting and plans were made to serve a noon dinner Nov. 20 for the Ministers Circle, composed of ministers of the United Church of Christ in this area. Also planned was a pot luck supper connection with the Dec. 2 meeting.

Instead of the usual 50-cent gift exchange this year, the members decided to contribute 50 cents as an offering to a charitable project. Reports were made of the recent World Community Day service and announcement was made of a workshop Nov. 26 from 7:30 until 9:30 at Central Christian Church, 2020 Johnson road, sponsored by the Quad-City Council of Church Women.

After the business session, Mrs. Bauer, stewardship chairman, introduced Mrs. Arnold Casper of Hannibal, Madison County Regional Guild stewardship chairman, who spoke on "What is the Work of the Church?"

Following the program refreshments were served by the hospital committee, composed of Mrs. Ida Weiss, Mrs. Surbey, Mrs. Doris Oliver and Mrs. Dorothy Schmeel to 27 members and a guest, Miss Lois Koppleman, the newly-appointed religious education director. The tables were appointed in the autumn colors.

One birthday was observed by the group, that of Mrs. Doris Labory.

Christmas Party Plans Are Made By Past Matrons
Plans for the annual Christmas party Dec. 3 were made Monday evening at a meeting of the Past Matrons Club of Granite City, 650, Order of Eastern Star, in the home of Mrs. Mary Ellen Lewis, 3314 Johnson road.

Thirteen were present, including a guest, Mrs. Karmyn Edmonds, worthy matron of the chapter, and prizes in the games went to Mrs. Blanche Leuchter, Mrs. Ruth Dick, and Mrs. Kathryn Roman.

The Christmas party will be with Mrs. Lida Theis at her home, 2825 Grand avenue, and there will be a \$1 gift exchange.

Standardized Mail Program Scheduled To Start Jan. 1st

A mail standardization program, developed to speed up cancellations by outwitting odd-sized envelopes, will begin Jan. 1, it was announced this week by Granite City Postmaster Theodore Overbeck.

"Patrons, but most specifically manufacturers of envelopes and mailer firms, should start planning now for the changes in mailing procedures that start Jan. 1," Overbeck said.

"These changes are the first step towards mail standardization and will eliminate a major source of delay in mail processing."

"The two mandatory standards are—

"1. Pieces less than three inches in width (height) or 4 1/4 inches in length will not be mailable.

"2. Pieces having shapes other than rectangular (four right angles) will be non-mailable."

"The two recommended standards are—

"1. Pieces having a ratio of height to length of less than one to 1.414 (one to the square root of two) are not recommended.

"2. Pieces which are not sealed on all four edges so that they may be handled by machines are not recommended."

"For Economical Operations."

"These new standards are being adopted so that progress can be made in the development of economical mail handling machinery."

"Mail processed by machines must be consecutively passed through automatic cutting, fac-ing-cancelling and sorting devices at machine speeds. Each piece is repeatedly stacked, de-stacked, transported by roll and belt conveyors, free-fallen and gated."

"Envelopes, double post cards and self mailers with loose flaps and unsealed edges interleave with other mail and cause frequent jams in the equipment, resulting in damaged mail and time-consuming delays," Overbeck explained.

Local Firm Completes Crop Dusting Season

Although the crop dusting season lasted four months this year instead of the usual three, unusual drought conditions caused Farmers Aero Spray Co. to drop 2000 acres below the expected figure. The company has just completed its third year of operation.

Operations were carried on in eight counties. A total of 4200 acres of farm lands were covered and more than 16,800 gallons of chemical spray used. That amount equals a 35-foot path for a distance of 105 miles.

The major spraying operations were on corn, radish, soy beans and mosquito areas.

Flying time amounted to 114 hours, according to Jack Bettag of Venice, manager and chief pilot.

The company plans to add a third aircraft to its fleet next year. It will be used exclusively for banner towing, a form of aerial advertising.

Takes Helicopter Course

Airman 3/C William L. Price of Venice has been reassigned to Lincoln AFB, Neb., following his graduation from the USAF technical training course for helicopter mechanics at Sheppard AFB, Wichita Falls, Tex. He was trained to inspect, repair and maintain turbojet and reciprocating engine helicopters. His parents are Mr. and Mrs. William E. Price, 1243 Klein street. He is a graduate of Venice high school.

GC Relief And Town Disbursements—\$8073

Relief and town fund disbursements totaling \$8073 were approved Monday night by Granite City council members. Of the total, \$7035 was for relief and \$1038 was for town purposes.

Relief disbursements included \$778 for food, \$2247 for medical care, \$232 for rent, \$70 for fuel, \$38 for gas and electricity and \$6 for water. Administrative costs were \$450 half-month salaries for three office workers, \$75 office rent or November, \$15 for utilities, \$45 for janitor service, \$44 for office supplies, \$1.75 to recharge a fire extinguisher, and \$35 to Edward Kofahl for carpenter work at the office.

The \$1038 town fund disbursements were \$162 half-month salary for Supervisor Nelson Hagnauer, \$300 half-month salary for Assessor Von Dee Cruise, \$220 half-month salary for Chief Deputy Assessor Margaret Hornberger, \$168 salary for Deputy Assessor Catherine Herman.

Expenses for the assessor's office included \$75 November rent, \$5 for cleaning supplies, \$11 for utilities, \$10 for equipment, \$19 for materials, \$5 for a market report, \$35 for one-year business machine service, \$25 for a lamp and \$4 for window shades.

Woman's Purse Stolen

A Granite City woman lost \$95 in East St. Louis Monday in a hat shop she manages. Eula Wood, 1232 Meridian avenue, told police her purse containing the money was stolen from the top of a desk at the store located at 311 Collinsville avenue.

Alarm System Under Study For Lift Station Failures

A plan to prevent any further property damage caused by a breakdown of sewer lift stations was proposed Monday night before Granite City council members.

A. W. Pearson of the city engineering staff was authorized to get cost figures for installation of a telephone alarm system with a warning panel at the city hall.

Pearson said the installation would provide immediate notice of a breakdown at any of the city sewer system lift stations. "That way repairs could be made to prevent damage," he told the council.

The system, he explained, would use telephone lines connecting automatic devices at the lift station to the control panel at the city hall. It was suggested the panel could be located at the police station or at a fire station where personnel would be on duty at all times.

Pending against the city is a \$12,500 lawsuit by 14 residents who claim damage to their homes from sewer backups. Several backups occurred in August 1961 when a lift station failed.

City Atty. John Gitchoff advised the council he was preparing a motion for dismissal of the suit, filed in the circuit court. He said the city should not be penalized in providing a service to a community in the event of a breakdown.

"Those kind of suits could be never ending," he commented.

Gasparovic To Attend Traffic Court Conference

Authorization was given Police Magistrate Gasparovic to attend a Governor's Traffic Court Conference to be held Nov. 26, 27 and 28 at Western Illinois University, Macomb.

The initial motion presented to city council members Monday night specified only that his expenses would be paid. However, Alderman Donald Partney called for a limit, "rather than a blank check."

The amount was proposed at \$100 for the three days by Alderman Frank Vesel. The motion was approved.

Kansas Court Upholds Death Sentences For 2

Death sentences for James D. Lathin of Mauriceville, Tex., and George R. York of Jacksonville, Fla., have been upheld by the Kansas Supreme Court.

The pair was convicted of the June 1961 slaying of an Oakley Kan. resident. They also admitted killing two Madison county men on a hitchhiking spree after deserting an Army base.

The Illinois victims were local area service station operator Martin Drenovac, bludgeoned to death in his place of business on U. S. Bypass 66-40 west of Mitchell, and Litchfield railroad worker Albert E. Reed, who was shot to death in his car after picking up the hitchhikers near Troy. His body was found in a ditch near Glen Carbon.

Tried for the Kansas slaying, Latham and York also admitted slayings in Florida, Tennessee and Colorado.

Card of Thanks 32

I WISH TO THANK everyone for the flowers, cards and phone calls about my wife, Helen, while she was convalescing in DePaul Hospital. Thank you all. 32-11-8 OSCAR ALBERT

My sons and I would like to express our sincere appreciation for all the acts of love and sympathy extended to us by our friends during our recent hour of sorrow in the loss of our husband and father, MR. ALFRED N. DUNN. To extend individual thanks to everyone who so graciously gave of their love would be a task of almost impossible dimensions. However, we would like to thank the Lahey Funeral Home for the arrangements, our Pastor, Rev. Vernon Covington for the words of comfort, Rev. B. Sadler for the funeral prayer, Mr. Jean Hargrave for the songs of comfort and Mrs. Mildred Bryant for the accompaniment, the pallbearers, friends who sent dishes, cards, flowers, words of sympathy, and a list of other kindnesses which is much too long to enumerate. May God bless each one. MRS. ADDIE DUNN, PAUL AND NORMA. 32-11-8

Legal Notices 34 CITY OF VENICE, ILLINOIS ORDINANCE NO. 813 AN ORDINANCE PROVIDING FOR THE PLACING OF STOP SIGNS AT THE INTERSECTION OF WEAVER AND DOUGLAS STREETS FOR THE PURPOSE OF REGULATING VEHICULAR TRAFFIC ON WEAVER STREET. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF VENICE, ILLINOIS: Section 1. That regulation stop signs be placed at the intersection of Weaver Street and Douglas Street, one on the Southeast corner of the intersection between the curb and sidewalk, and one on the Northeast corner of said intersection, to be placed so as to regulate traffic moving in a westerly direction on Weaver Street. Section 2. That said stop signs shall be so placed at the said intersection for the purpose of protecting the public generally. Section 3. That all persons driving or operating any vehicle in a Northerly or Southerly direction on Weaver Street shall obey said stop signs, and shall bring any vehicle they are driving or operating over and along said Weaver Street to a complete stop before proceeding, and shall not proceed until said intersection is free and clear of any pedestrian traffic or other vehicular traffic and it is safe to proceed. Section 4. That for the purpose of this Ordinance, "vehicle" is defined as follows: "Vehicle" includes animals that are led, ridden or driven, and every horse-drawn, motor-driven or muscular propelled conveyance. Section 5. That it is hereby declared unlawful for any person, firm, or corporation, or agent or agent or employee thereof, to drive or operate any vehicle over and across the points specified without first bringing said vehicle to a complete stop and from proceeding until said place is free and clear of all pedestrian traffic or other vehicular traffic. Section 6. Any person, firm or corporation, or servant, agent or employee thereof, who shall violate any of the terms or provisions of this Ordinance shall, upon conviction, be fined not more than \$50.00 for said violation. Section 7. This ordinance shall take effect and be in full force ten (10) days from and after its passage, approval and due publication. PASSED BY THE CITY COUNCIL OF THE CITY OF VENICE, ILLINOIS, this 2nd day of November, A.D. 1962. APPROVED BY THE MAYOR OF THE CITY OF VENICE, ILLINOIS, this 2nd day of November, A.D. 1962. JOHN E. Burglar Enters Logan School; Leaves Tool

A burglar who broke into Logan school Tuesday night apparently took nothing and even lost his burglary tool, a screwdriver, in the attempt. Custodian Lloyd Farley found the moulding strips uncreased and removed from the northeast rear door of the school when he came to work Wednesday morning. The glass had been lifted and the door was ajar.

Entry was gained to the cafeteria by breaking a glass panel in an interior door.

Peace Corps Official To Speak At SIU Centers

Craig S. Barnes, program assistant for the university relations division of the Peace Corps, will be on the Southern Illinois University Southwest Campus today and Friday.

Scheduled to speak to students and faculty today at 2:15 p.m. in the SIU Student Union lounge at Alton, Barnes will also show a film on the Peace Corps at work.

This evening he will give a public address at 8:15 in the SIU auditorium at Alton. He will spend Friday at East St. Louis where he will speak in the University's Student Center, Ninth and Ohio streets, at 10 a.m. and 2 p.m.

A native of Denver, Colo., Barnes received most of his elementary schooling in Europe. He received his B.A. and L.L.B. degrees from Stanford University. His M.A. degree from Fletcher School of Law and Diplomacy. Barnes has worked with several law firms in California and Washington, D. C., and during the summer of 1957 was in the Department of Political and Security Council Affairs, United Nations Secretariat.

According to Dr. H. Bruce Brubaker, Peace Corps representative of SIU, Barnes will be available for individual and group interviews during his two-day visit. Interviews can be arranged by calling Brubaker at SIU's General Office in Alton.

Area's Birthrate Continues To Decline; 98 In October

Area vital statistics continue to lag compared to 1961, according to the compilation made this week by Granite City Clerk A. L. Stevens.

During October there were 98 births, 25 deaths and two stillbirths recorded, and the Quad-Cities 10-month statistics are the 975 births, 320 deaths and 19 stillbirths.

Compared with 1961, the birthrate is down 148 babies, while the deathrate is down 11, while stillbirths show an increase of three. The 10-month statistics for 1961 were 1123 births, 331 deaths and 16 stillbirths.

The October birthrate was three under the 101 babies born in the Quad-Cities during September, but an increase of the birthrate in October 1961 when there were 121 new arrivals.

October's 25 deaths represent an increase of two over September but seven under the 32 deaths recorded in October 1961. Clerk Stevens compiles vital statistics for the entire Quad-Cities area.

A breakdown of vital statistics by months follows, listing births, deaths and stillbirths in that order:

January—106, 40 and 4; February—85, 28 and 3; March—102, 28 and 2; April—81, 35 and 1; May—104, 28 and 2; June—96, 24 and 2; July—102, 37 and 3; August—99, 32 and 0; September—101, 23 and 0; October—98, 25 and 2.

PERCUSSION POPS ORCHESTRA, directed by Dick Schory, will open the Tri-City Community Concert Association here Sunday afternoon with program of show tunes featuring unusual arrangement and instrumentation. The program will be at the Granite City high school auditorium, Sunday at 3 P. M.

Percussion Pops Group To Open Concert Series

The 1962-63 season of the Tri-City Community Concert Association will open at 3 p.m. Sunday at the Granite City high school auditorium with the appearance of an unusual musical aggregation, the Dick Schory percussion orchestra.

The Sunday concert is the first of three this season under the association's sponsorship, with admission by membership card only. Other concert dates and artists are Feb. 2, pianist Alec Templeton, and April 1, baritone Bernard Igo.

Mr. Templeton will be making his second appearance here since the concert association was organized 10 years ago.

Foot Rooters To Instruments Schory's orchestra includes a piano, organ, harp, guitars, string bass, trumpets, trombones, tuba and french horns — plus about every type of percussion instrument imaginable—all played by 19 musicians who spend a good portion of their time "instrumenting" to another, and arriving on time.

The bizarre and unusual instrumentation, mostly of show tunes, has parts written in for

HOME NOTES

By MRS. ELAINE P. WENDLER, Madison County Home Adviser, Home Economics Extension, University of Illinois

Cranberries, you know, have long since progressed from their role of a special Thanksgiving-Christmas feature.

Thanks to processing, you can now enjoy the tart, delightful flavor and rich color of these berries the year round.

Good buys, right now are fresh cranberries at your favorite food store. The U.S. Department of Agriculture reminds us that supplies of these berries this season are at a record high—about 13% above last year.

However, whether you go for the fresh or the processed cranberries, their tangy berry taste, is ideal with poultry, meats of all kinds, souffles and casserole dishes.

Live It Up

This is the time of the year for eating apples. Because it's the time of year when apple growing farmers are picking their crop. You'll probably find different kinds of apples at the store now than you did any other time. And if you drive in the country, you'll find lots of roadside stands selling apples that have just been taken away from the tree.

If you haven't made an apple pie for a while, well, roll out the dough and slice some apples, coat 'em with sugar and cinnamon, and live it up. Other honey favorites with a touch of apple are easy to fashion and delightful to eat. Grated apple is all you need for:

Apple Salad Dressing... Mix grated apple into mayonnaise or a mayonnaise-sour cream. Serve atop fresh fruit or fruited gelatin salads. **Apple Hot Breads**... Add grated apple to muffin, griddlecake or waffle batter. Serve with creamy honey-butter.

Two Apple Cheeses... Add grated apple to cottage cheese and serve with fresh fruit salads. Or mix grated apple in ice cream cheese for a brown bread or cracker spread.

Farm Production Needed

If our population receives a predicted 230-million by 1975, farmers must increase production over 1960 by 105 billion pounds of meat, 25-billion pounds of milk, 13-billion tons of fruit and vegetables and 11 billion eggs.

These increases will be necessary if we continue improving our diets at the same rate as in recent years. And that is a lot of food. Also another item in food for thought: Of every \$20 we spend for groceries, we pay from \$1.50 to \$2 for the packaging that helps to keep the food in good condition and attracts our attention.

Home Convenience Foods Save Money. You're saving money by using convenience foods such as frozen, concentrated orange juice, canned chicken chow mein and instant coffee. Comparing the cost of convenience foods with the same dishes prepared in your own kitchen, U.S. Department of Agriculture researchers found that 42 convenience items were less expensive and 116 were more expensive than home-prepared foods.

Traffic Through Local Locks Up During October

Total tonnage of freight passing through the Chain of Rocks Locks 27 rose in October over the previous month even though the number of vessels and lock ages declined.

Freight totaled 2,646,165 tons up 34,427 tons. It was an increase of 120,977 tons over October 1961.

The breakdown of commercial freight tonnage was as follows: Upbound—Petroleum products 353,650; grain 23,600; coal 328,400; cement, sand & gravel 72507 sulphur 38,600; miscellaneous commodities 264,377; iron & steel products 25,993; chemicals 75,850. Total 1,560,820 tons.

Downriver—Petroleum products 119,900; grain 820,850; coal none; cement, sand & gravel 6,900; sulphur none; miscellaneous commodities 50,700; iron & steel products 71,870; chemicals 14,300. Total 1,084,570 tons.

Government tonnage amounted to 775 tons, bringing the total canal freight figure to 2,646,165 tons.

Totals For Year

The grand total for the year, January through October, amounted to 23,971,116 tons, an increase of 3,432,159 tons over the same period last year.

There were 4062 vessels passed through the locks during October, a decline of 38 from September but an increase of 346 over October 1961.

It brought the total number of vessels for the year up to 37,893, an increase of 4576 over the same period last year.

A breakdown of vessels for the month was as follows: Commercial—Towboats 696, no smallcraft, passenger vessels two, barges 3115, U.S. contractor vessels two.

U.S. vessels—Towboats four, barges 14, no smallcraft, no construction boats, patrol boats 16. Private recreation boats totaled 213.

Updating Master Growth Plan Being Studied By City

Total cost and the possible sharing of the expense by other taxing agencies will determine if Granite City's 1955 master growth plan is to be updated in the near future.

On a motion by Alderman Frank Vesel, chairman of the Plan Committee, David Morgan, chairman of the City Planning Committee, was authorized to get cost figures from several planning firms. The initial report, now outdated, was prepared by Harland Bartholomew & Associates, St. Louis, with the cost borne by the city, park district and school district.

Importance of updating the plan was pointed out to the council in a letter from Morgan. He stressed the City Planning Commission had no legal means to enforce zoning controls for a mile and a half outside the city limits unless the city has a master growth plan.

Vesel said there was a possibility the plan could be brought up to date for about \$2500. "Some firms want much more than that. If we can't do it this fiscal year, we'll have to wait for the next budget," he added. He pointed out the city possibly could qualify for federal urban renewal funds with construction of a sewage treatment plant, and a master plan for the city would be needed.

Challenges Qualifications However, Donald Partney, former chairman of the City Plan committee, said a project such as a treatment plant to serve the entire city would not be considered for federal redevelopment plans. City wide projects are not a qualifying factor, he explained.

No action was taken by the council on a second request from the Planning Commission for the city building inspector to be given legal authority to crack down on zoning violations.

City Building Inspector Earl Bloomquist told the Press-Record that he has received about a dozen complaints that need to be investigated.

Ready For Zoning Crackdown "I'm just waiting for the winter months and a slow down in construction to begin the in-

vestigations," Bloomquist said. He declined to divulge the locations pending the study but said most of them pertained to beauty shops and appliance repair shops being opened in homes.

"Some of the places are advertising and that is a violation of the zoning code," the inspector said. He indicated he was ready to begin the investigations and prepare a report to the Planning Commission and city council.

Zone Change Delayed At the recommendation of Al-

derman Vesel, the council delayed action on a zoning code amendment for Henry Ross, contractor, who is planning to erect apartments at the east end of St. Clair avenue in Shannock Gardens. He is seeking a change for several lots from an R-1 single residential dwelling classification to R-5 multiple unit dwelling.

Vesel said that while the City Planning Commission has approved the change, he has heard several complaints from residents of the area and wants to
